## Editor's Introduction

Welcome to the 4th and final issue of Volume 6 of the University of Oklahoma College of Law's Oil and Gas, Natural Resources, and Energy Journal (ONE J). This Edition contains pieces by a number of talented scholars including Dr. Sascha-Dominik Dov Bachmann, Ikechukwu Ugwu, Carlos Cohen, Eric Harper, Kristin Hecker, and Tiffany O'Keefe. All of these articles address important topics that permeate throughout many paramount areas of energy law, and I am thrilled to have the opportunity to publish and work alongside each of these scholars.

This Edition is very special to me because it is my last Edition to work on actively as the Editor-in-Chief of ONE-J. I have really enjoyed my time working for ONE-J, and I consider myself very blessed to have had the opportunity to work with so many bright, distinguished scholars. I have also been very privileged to work with an excellent Board of Editors that have provided support and guidance for our journal.

In addition, I would like to thank all of the other writers that were involved with this edition. It has been a pleasure to work with each of you, and I thank you for allowing our journal to publish your work.

Finally, I would like to thank a number of people who made this edition possible. First, I would like to thank our Editorial Advisor, Michael F. Waters for all of his hard work, advice, and excellent insight. Our journal is very lucky to have him. Next, I would like to thank our faculty advisor, Prof. Alex Pearl, for the excellent leadership that he provides our journal. Lastly, I would like to thank all of our Editors and Candidates for the tremendous job that they have done for this edition.

Thank you,  
Jake B. Ware
