

# ONE J

*Oil and Gas, Natural  
Resources, and Energy Journal*

VOLUME 10, NUMBER 1

SEPTEMBER, 2024

## Editor's Introduction

Welcome to the First Edition of Volume Ten of the University of Oklahoma College of Law's Oil & Gas, Natural Resources, & Energy Journal (ONE-J). This edition showcases eight student publications, featuring the following authors: Jason Kersey, Kohl Lester, Meredith Gunner, Alyssa Biasatti, Madison Taylor, Reese Charles, Karim Yehia, and Lucia Kezele. The articles featured in this edition offer a range of topics within the industry and scope of this Journal.

This Edition is my first as Editor-in-Chief, and I would like to express my sincerest gratitude to my predecessor, Kelsey Lauerman, whose guidance and support have been invaluable as I transitioned into my current role. Kelsey's dedication has set a high standard, and I am truly appreciative of the foundation she built, which continues to guide me in my responsibilities. I also want to thank both the 2023-2024 and 2024-2025 Editorial Boards for their hard work and dedication that they have poured into this journal to continue its success. Lastly, I want to thank Michael Waters for his patience and assistance with the publication process. Without his assistance, this publication would not be possible.

I would like to congratulate each member who has worked on this Edition. I am fortunate to have watched their ideas develop and turn into enriching, legal commentary on a wide range of topics in this industry, a process they have managed for over a year. I am extremely proud of them and their hard work, and I am overjoyed to share their published pieces with you.

ONE-J thanks you for your continued support and readership, and we hope you enjoy this latest edition.

Best wishes,

Alexandra Jury  
Editor-in-Chief
