REPORT
OF
THE SECRETARY OF THE INTERIOR,

COMMUNICATING

Information, in compliance with a resolution of the Senate, in relation to the employment of Luther Blake to remove the Indians from Florida.

JUNE 19, 1854.—Ordered to be printed.

DEPARTMENT OF THE INTERIOR,
Washington, June 16, 1854.

SIR: In obedience to the resolution of the Senate of the 26th of April last, I have the honor to transmit herewith a communication from the Acting Commissioner of Indian Affairs, accompanied by copies of the contract and instructions under which Luther Blake was employed to remove the Indians from Florida, together with copies of his correspondence with the department upon that subject, and of his accounts and vouchers of his expenditures as such agent.

I am, sir, with much respect, your obedient servant,

R. McCLELLAND, *Secretary.*

HON. D. R. ATCHISON,

President of the Senate of the United States.

DEPARTMENT OF THE INTERIOR,
Office Indian Affairs, June 15, 1854.

SIR: In compliance with your request of the 27th April last, I have the honor to transmit herewith copies of the papers called for by the Senate resolution of 26th April, 1854, being the correspondence between Luther Blake, esq., as special agent for removing Indians from Florida, and this office; also his instructions, accounts, and vouchers. I think proper to add that, upon an examination of the accounts of Mr. Blake and those of Capt. J. C. Casey, it is found that Blake has omitted to charge himself with the sums of \$5,000 and \$9,650, transferred to him by Capt. Casey, March 30, and June 3, 1852, and to account properly for the public property in his possession—although it is due to say that he has furnished a receipt of one Captain John Montes De Occy for a number of blankets, and other articles, turned over by him. What

further disposition has been made of that property, this office has not been informed.

Very respectfully, your obedient servant,

CHARLES E. MIX,
Acting Commissioner.

HON. R. McCLELLAND,
Secretary of the Interior.

DEPARTMENT OF THE INTERIOR.
Office Indian Affairs, April 18, 1851.

SIR: With the approbation of the Secretary of the Interior, you are hereby appointed special agent to proceed to Florida, for the purpose of endeavoring, by judicious arrangements and efforts, the removal of the Seminole Indians remaining in that State to the country of their brethren, west of the Mississippi river.

By the treaty of Payne's Landing, of May 9, 1832, the Seminole tribe sold all their lands in Florida, and agreed to remove west of the Mississippi; but when the time for their removal arrived, they refused to go and broke out into open hostilities. During the seven succeeding years the most strenuous exertions were made to conquer and compel them to comply with their treaty engagements. Large bodies of troops were employed, many valuable lives sacrificed, and millions of money expended, but with only partial success. At the end of that period a considerable number of the Indians, who could neither be captured or subjugated, still remained in the country, with as obstinate a determination not to leave it as they had ever manifested. A continuance of the military operations against them seemed useless; and to relieve the treasury from the heavy drain upon it which they occasioned, it was deemed expedient to discontinue them. An arrangement was, therefore, made with the Indians, permitting them, for the time being, to remain; but within certain designated limits. This arrangement could be regarded as temporary only, lessening in no respect the obligation of the Indians to remove when required by the government. The stipulations of the treaty, on that point, still remain in full force; and it is the duty of the Executive to cause all necessary and proper efforts to be made to carry them into effect, as he is bound to do with respect to the requirements of any other law.

Had the Indians, as they agreed to do, stayed quietly and peaceably within the limits assigned to them, and abstained from molesting our citizens, there would be less objection to their remaining still longer and until the country they occupy, or such portions of it as may be desirable, should be required for settlement and cultivation, though it would be far better for them to be with their brethren in the west, where effective measures can be adopted for their gradual civilization and improvement. But they have wantonly violated their engagements, and on more than one occasion, without any known provocation, passed beyond their assigned limits, and imbrued their hands in the blood of our citizens. The constant danger of outrages from them has become a serious evil, preventing the settlement and cultivation of the

country anywhere in their vicinity, and thus causing a large and valuable section to remain waste, to the great injury of the interests of individuals as well as to those of the State and the general government. Circumstances and considerations of the above character led to another attempt in 1849 to remove them, which, though attended with great expense, resulted in but very limited success. A large military force was sent to overawe them, and a number of their western brethren employed to influence and persuade them to remove; but only about seventy could be compelled or prevailed on to comply with the wishes of the government. According to the best information that can be procured, from four hundred and fifty to five hundred still remain; and it has for some time been a subject of anxious consideration and reflection, what course to adopt in order to effect the removal of this remnant of the tribe. Experience has shown the inutility and wasteful expenditure of attempts to remove them by force. There is a large extent of country to which they can retreat, where the obstacles to successful military operations are insurmountable, and where the Indians can therefore easily elude almost any military force sent against them. To effect their removal in this manner it would be necessary to employ an immense force, and at a vast expense; while the Indians, becoming exasperated, would no doubt find opportunities for successfully attacking, plundering, and murdering the frontier inhabitants, as they frequently did during the last war against them.

Through the instrumentality and influence of their western brethren, persuasive means have been tried under very favorable circumstances, and failed. There is but one other humane course, which, after the most mature consideration the department can devise or think of, that seems to hold out any promise of success. It is to engage some reliable and proper person willing to encounter the toil and peril incident to the service, who will go among them, and by personal association secure their confidence, gain an influence over the leading and more prominent individuals, and thus gradually incline them to consider the subject of removal more favorably, and to acquiesce in the wishes of the government.

As you have had much experience in Indian affairs, and are well acquainted with the character and disposition of the Seminoles in Florida, and as entire confidence is reposed in your integrity, judgment, and discretion, the department has solicited you to put this plan to the test of practical experiment, provided you are willing to undertake it on the terms and conditions prescribed.

The department would not feel justified in incurring any considerable expenditure in the mere attempt, and, should it prove abortive, nothing but your actual and necessary expenses would be allowed, the whole in no event to exceed the sum of \$10,000. Should you, however, be successful in your efforts to remove them, or any portion of them, a liberal allowance will be made, as in that case the expenses will be very heavy, and you will have encountered much personal danger. As heretofore, with respect to those that have been removed, not only will a quantity of presents have to be made to the Indians, but considerable sums of money will have to be paid to them as a compen-

sation, which they consider but fair and just, for relinquishing their residences in Florida.

For these, and many other expenditures which will be inevitable, it will be impracticable to procure satisfactory vouchers, and it will be impossible to arrange and settle the accounts in the ordinary mode. Under these circumstances the department proposes to commute all the expenses of every description, including those personal to yourself, from the commencement of the service, and to allow in lieu thereof a commutation of \$10,000 for the preliminary expenditures incident to your endeavors to carry out the plan, and a given sum for each and every Indian removed, to cover all other expenses and demands whatever. After full consideration of all the circumstances and contingencies of the case, it has been determined to fix the latter amount at \$800 for warriors, and \$450 for women and children, which will be paid to you on the certificate of the proper agent of the government, or other satisfactory evidence of the delivery of the Indians in the country of their brethren west; and the same rate of compensation will be allowed for every Indian that shall die on the route from Florida to the Seminole country west, subject, however, to a deduction of the amount that it would have cost to transport said Indians from the place of death to the place of destination.

I am aware that this allowance is less than the amounts heretofore paid in many cases to individual Indians to induce them to remove, but I trust it may prove sufficient to meet all expenses necessary to the accomplishing of the important object in view, and at the same time afford you a liberal compensation for the dangers and services you are to hazard and perform.

I enclose the form of a bond, which you will execute, with a penalty of five thousand dollars, (\$5,000,) with securities to be approved by me.

Very respectfully, your obedient servant,

L. LEA,
Commissioner.

LUTHER BLAKE, Esq.,
now in Washington, D. C.

No. 3.

FORT MYERS, FLORIDA, *May 5, 1851.*

SIR: We arrived here on the evening of the 8th. Captain Casey and the commanding officer, Colonel Winder, received us kindly. Captain Casey had only been notified that the Indian business would be transferred to the Interior Department. I regret that he has not been more fully instructed.

I shall remain for some ten days, as Bowlegs is expected here in that time. I yet feel quite confident that the Seminoles can be removed during this fall and winter. I am informed that Billy Bowlegs has been offered \$10,000 to emigrate; this is a stumbling block hard to get over, but it shall not prevent our doing what I think we

will do the coming season—emigrate them. I hope instruction to Captain Casey has been forwarded.

I have the honor, sir, &c.,

LUTHER BLAKE,
Special Agent.

HON. LUKE LEA,
Washington city.

DEPARTMENT OF THE INTERIOR,
Office Indian Affairs, May 21, 1851.

SIR: You are hereby authorized to call upon Captain J. C. Casey, United States army, for such Indian goods in his possession as you may consider necessary, and for a sum of money not exceeding \$5,000, giving him your receipts for the same.

Very respectfully, your obedient servant,

L. L., *Commissioner.*

LUTHER BLAKE, Esq.,
Special Agent, &c., Tampa Bay, Florida.

NEW ORLEANS, *June 1, 1851.*

SIR: I arrived here three days since direct from Florida; shall leave to-morrow for Arkansas, to procure such interpreters as will do to work with. I feel more confident than I did, on my arrival in Florida, that I will emigrate the Seminoles during the coming winter.

Three Indians were taken in a manner contrary to my views, after I arrived at Fort Myers. They are now in jail as the supposed murderers of a small boy last winter. If they are proven guilty they ought and will die for it, but if not the citizens are willing that I should use them. They are willing to emigrate with their families. The citizens of Florida appear kind, and I think will do all they can to aid the government in the removal of those Indians.

I have the honor, &c.,

LUTHER BLAKE,
Special Agent.

HON. LUKE LEA,
Commissioner Indian Affairs, Washington city.

CREEK AGENCY, *August 26, 1851.*

SIR: I have been here for two months; during this time I have had the cholera and fever. I have been much among the Seminoles, and it is truly unfortunate that the Seminole agency ceased at this time, for they do not like the Creeks, and are not willing to be placed in connection with them. Another thing they insist upon, and with good reason too, which is, that an arrangement be made with them by the government, by which they will be secured in an annuity, and that a

blacksmith be continued among them, also an agent with whom they could consult, and through whom they could do their business. They say the few Seminoles that have lately come have spent all their money, now are not on an equality with the balance, for they are not entitled to any part of the moneys or goods which they receive, and should those yet in Florida be induced to come without some arrangement, trouble would follow. All now could be prevented by an annuity, which would equalize them after their removal here, harmonize and consolidate them, otherwise they would split up as the Cherokees have, and give more trouble to the government than any other Indians on this border. They assure me that if this is done, I can have the Florida Seminoles here by March next, as what they ask for is so reasonable, and knowing how anxious the government is for the removal of the Florida Seminoles; and as M. de Val, esq., late agent to the Seminoles, is going directly to Washington, I have thought best to give you this information and await your decision before I leave for Florida.

I have the honor to be your obedient servant,

LUTHER BLAKE.

Hon. LUKE LEA,

Com. of Indian Affairs, Washington.

DEPARTMENT OF THE INTERIOR,
Office Indian Affairs, September 23, 1851.

SIR: Your letter of the 26th August has been received. You are aware that I have long been anxious to see such measures adopted as will improve the condition of the Seminoles, and make them contented and happy. To accomplish these important objects, it is indispensably necessary that those remaining in Florida shall emigrate and be united with their brethren west. When this is done, the government, I feel assured, will be able and willing to gratify their wishes in regard to various matters about which they are now solicitous. If they will faithfully and zealously co-operate with you in effecting the removal of the Seminoles in Florida, and the reunion of the entire tribe, I shall be in favor of giving them a country and government of their own, separate and apart from the Creeks, with increased annuities, agent, blacksmith, &c.

Very respectfully, your obedient servant,

L. LEA.

Gen. LUTHER BLAKE,

Creek Agency, west of Arkansas.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, November 7, 1851.

SIR: I enclose herewith for your information a copy of a letter from the Hon. David L. Yulee to the Secretary of the Interior, and also a copy of an extract of a letter from Brevet Colonel Winder to General Twiggs, of date September 20, 1851.

From these communications it appears that serious apprehensions are entertained that your return to Florida with a delegation of Seminoles from the west may result in the breaking out of hostilities on the part of the Indians in that State. I cannot believe that you have been so unmindful of your instructions as to have said or done anything to warrant these apprehensions, and I trust they are unfounded. It may be, however, that there are persons in Florida in positions to communicate with the Indians, and to exert a sinister influence over them, who have not been as prudent as yourself, and who, from ignorance of their duty as good citizens, or a less excusable cause, are disposed to defeat the policy of the government in its efforts to rid Florida of an Indian population. If there be even a small number of such individuals, I doubt not they have the power to defeat all your endeavors for the removal of the Indians and to bring on war.

Under these circumstances, it is questionable whether any good will result from a further prosecution of the duties of your agency, and I would direct its immediate discontinuance, if I had not full confidence that you will so act as effectually to guard against the evils referred to in the letters enclosed. If you think there is any real danger of such consequences, you will at once desist from further operations, but if you determine to go on, I must again admonish you to observe the utmost discretion, prudence, and caution in all your movements.

Very respectfully, your obedient servant,

L. LEA, *Commissioner.*

LUTHER BLAKE, Esq.,

Special Agent, Tampa Bay, Florida.

Same to New Orleans, Louisiana; same to Fort Gibson, Arkansas.

CREEK AGENCY, November 29, 1851.

SIR: Yours of the 7th instant containing Hon. David L. Yulee's letter, also an extract from Brevet Colonel Winder to General Twiggs, is received.

That there are some persons in Florida near the Indians (not citizens) who wish the Indians replaced under the military, I have not the first doubt; they have been too long under their direction, and are now too much under their influence for the good of the Indians, the interest of Florida, or the wishes of the general government.

If there be any truth in the report that they threaten to put to death any one who puts foot on their soil, &c., it is only the delegates that need to fear, not the Hon. Mr. Yulee, nor any citizen of Florida. I go there not with arms, threatening force, but with peace offerings to persuade them to join their people west, be united, and become a greater and better people. The military there ought to have found out by this time that Indians should not always be believed. I intend no reflection on a majority of the army officers; I think they are anxious for the emigration of the Seminoles. I should have been off for Little River the day your letter came, but snow and rain prevented. I shall start

to-morrow. I yet feel confident that we will emigrate them this spring, in spite of many little obstacles I have had to encounter.

Your obedient servant,

LUTHER BLAKE,
Special Agent, Seminoles.

HON. LUKE LEA,
Superintendent Indian Department, Washington city.

N. B. I will call on General Twiggs in New Orleans.

FORT SMITH, *December 28, 1851.*

SIR: I arrived here last evening with two others, and the balapce, twelve or thirteen, will be here on the 30th instant. As the water is low I shall continue on horseback until we meet a boat. I shall take men with us to drive our horses back. I apprehend no danger, and but little doubt that we will emigrate the Seminoles this spring; to do it, I have promised the delegates large rewards, otherwise but little. I expect Colonel Bowman to meet me at Vicksburg.

Your obedient servant,

LUTHER BLAKE,
Special Agent, Seminoles.

HON. LUKE LEA,
Washington city.

NEW ORLEANS, *January —, 1852.*

SIR: We arrived here on the 23d instant; and a cold, hard time we had. We shall leave to-morrow for Tampa. Some of my men are bad off with colds, which I hope soon will be over. If there are none opposed to the emigration but the Indians themselves, I will have them off, and hope to become of *enviable notoriety* in doing so.

I shall want some money at Tampa Bay, and as your department has it there I wish you would order five thousand dollars to be paid over to me. Rest assured, sir, that I will not use any improper means to get them off.

Your obedient servant,

LUTHER BLAKE.

HON. LUKE LEA,
Washington city, D. C.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, February 10, 1852.

SIR: Your letter dated January 7, 1852, in which you inform this department of your arrival at New Orleans and your intention to leave there for Tampa on the next day, and in which you request I would

order that \$5,000 be paid over to you on your arrival at the latter place, has been received at this office.

In reply I have to state that on the 23d May last Captain Casey was directed to place at your disposal "a sum of money not exceeding \$5,000," and such Indian goods in his possession as you might require, taking your receipts therefor. You will, therefore, call on Captain Casey, who will, doubtless, upon your request, place the amount you require in your hands.

Very respectfully, your obedient servant,

L. LEA,
Commissioner.

General LUTHER BLAKE,
Tampa Bay, Florida.

TAMPA BAY, FLORIDA,
February 15, 1852.

SIR: We arrived here yesterday, after a long and cold passage. The citizens have had some trouble with the Indians about fifty miles from this place. Of the facts I have as yet learned but little. Our delegates are in full hopes that we will emigrate the Seminoles this spring, and so am I. I shall leave in a day or two for Fort Myers, where we intend to begin our work.

Your humble servant,

LUTHER BLAKE,
Special Agent, Seminole Indians.

Honorable LUKE LEA,
Washington city, D. C.

FORT MYERS, FLORIDA,
March 5, 1852.

SIR: I remained in Tampa until a runner I had sent to Captain Jernigen's, about one hundred miles from that place, returned, as I had understood Jernigen and others had charged upon some Indians near his residence, and taken two, one old woman and a small child. The runner returned on the 21st February with Captain Jernigen, who stated that the old woman had hung herself; that the child was in good keeping; that he would turn it over to me as soon as I could find its mother.

I left Tampa on the 23d, and arrived here yesterday. All hands in good spirits. We are now sending out our "talks," and hope soon to make a good show. Whether Jernigen and his men charging on the Indians without cause will injure emigration or not I cannot say. I have asked him not to do it again, but if he finds any signs of Indians to inform me, and I would send him an interpreter and one Indian, so that they could speak to any Indian they should find in their range; which request he promised to comply with, and, *I hope*, will.

I have not seen General Bowlegs yet, nor any other of much impor-

tance, but soon will. Things do not look half as bad as it has been represented, and we hope soon to be able to report to you a better talk than the department ever received from Florida.

Captain Casey wished me to receive all the Indian goods. I shall want but a few unless they all emigrate; but to save trouble I have received them. Some of the blankets are injured, but they will do. It is reported that General Childs is ordered here. I am glad of it; I think a change will do good; I know it will be no worse.

Respectfully yours,

LUTHER BLAKE,
Special Agent.

Honorable LUKE LEA.

FORT MYERS, *March 23, 1852.*

SIR: This is the first opportunity I have had to write to you since the 5th instant. I then did not think our landing here would cause bloodshed. We have been here eighteen days; have seen many of the Indians, one of them the headman of Tallahassee town, and is reported to be one of the most hostile men among them. We have given them friendly and candid talks. I have told all the delegates in their talks to them to let them know distinctly their position here, and truly how much better it would be in Arkansas; that the department would do full justice to them in all things it had promised to do, &c. Most of those we have seen are willing to emigrate, and would now come into camp and be off for Arkansas whenever I directed it. But as I expect to have an interview with Bowlegs and other big Indians in the course of ten days, I have thought it best not to push things too fast. A part of our delegates have been out among their friends, were received in friendship, and their report is good. I hope the Florida volunteers will do no harm; if Captain Jernigen will comply as he promised to do, I will be satisfied. All things, so far, look much better than I anticipated. I do not *know* that any one at this post thought our chance to emigrate the Indians bad. But I now think they believe our chance good. I hope there will be no more troops sent here at present.

Respectfully sir, your obedient,

LUTHER BLAKE,
Special Agent.

HON. LUKE LEA,
Washington city.

FORT MYERS, *April 20, 1852.*

SIR: Our men returned two days since from Bowlegs, where they held a short council. They will return again to-morrow, and hold another council. Bowlegs talks friendly, he insists on the payment of an old claim he has had for a long time being paid before he leaves; he will be in here in a few days, or soon after the council, and I shall

make arrangements with him to pay it. Sam Jones does not appear hostile, but does not wish to emigrate. Many of the old women express a willingness to emigrate. Colonel Bowman left a few days since with eight. I have requested General Hopkins to send those he has at Palatke on to Tampa; also, the little child Captain Jernigen had taken. I shall forward them on to Arkansas, as soon as I can get conveyance. I shall continue to start them off as fast as we can persuade them to come in, for it will not do to keep them here in camp, but start them while they are in the humor.

The citizens of Florida are doing all they can to promote emigration; I wish that I could say as much for all others who have had to do with the Indians here. I would like that Mr. Mix, if he could be spared from your office, or some other good man, be sent out for a short time to take charge of the Indian funds. I want nothing to do with Captain Casey. The citizens of Florida, I believe, are now satisfied the department is determined that the Seminoles shall be removed. I have promised those that I have sent on that I would see they were well subsisted for twelve months in Arkansas, which, sir, I would do for fifteen cents per ration.

Your obedient servant,

LUTHER BLAKE,
Special Agent, Seminole Indians.

HON. LUKE LEA.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, May 15, 1852.

SIR: Your letter of the 20th ultimo, in which you report the progress of the removal of the Seminole Indians from Florida, has been received.

In order that you may not be embarrassed for want of adequate means to carry out the measures adopted for their emigration to the country west of the Arkansas, I have this day authorized Capt. J. C. Casey to turn over to you the sum of \$20,000, in such amounts, from time to time, as the necessity of the case may require, for which you will give him the necessary receipts. I have also addressed a communication of this date to superintendant Drennen, in which he is directed to take the necessary steps for the subsistence of such emigrating parties as may arrive west, before a contract for their subsistence for twelve months shall have been entered into, a copy of which I enclose for your information.

Very respectfully, your obedient servant,

L. LEA, *Commissioner.*

GEN. LUTHER BLAKE, *Special Agent, &c.,*
Fort Myers, via Tampa Bay, Florida.

FORT MYERS, *May 24, 1852.*

SIR: I have not yet had an interview with Bowlegs. A part of my delegates are now out, and I requested them to stay out until some-

thing was done; I hope to know soon whether anything can or not. They say they were told before we came not to come in; I shall try to find out who told them. Col. Bowman is off with what we have collected. If I do not succeed the fault is here, or has been here. Old Abraham though is quite confident, and I have strong hopes. I have nothing from Washington since yours of the 10th of April, which I answered on the 6th instant. A friend of mine, Col. Collins, of Alabama, has been with me for some weeks; he can tell you much about our Indian business here. I have informed Gov. Brown of my progress.

Respectfully, your obedient servant,

LUTHER BLAKE,
Special Agent, Seminole Indians.

HON. LUKE LEA,
Washington city, D. C.

Since writing, a part of my men have come in, and Bowlegs is to meet shortly, first, old Abraham is out about six miles from here, then myself. In fact, the talk is good—very good; the best we have had. Abraham is in high spirits, and I am in great hopes. Col. Collins can give you all the news. He is well known in your department.

Respectfully,

LUTHER BLAKE, *S. A., S. I.*

FORT MYERS, *June 5, 1852.*

SIR: Since mine to you, 24th May, a few have come in to emigrate. I expect others in time for the first boat, when I shall send them up to Egmont. All the delegates are now out but three; some have been absent over sixteen days. Two of my men and Billy Bowlegs have gone to Sam Jones'; when they return I hope to be able to give a good report. I have told them their true situation, and the wish of the department to relieve them from it. They are becoming satisfied that they cannot remain in Florida. They do not complain of Gen. Hopkins' movement. The husband of the woman that he wounded was in to see me a few days since; he wants to join his wife, and came to know what he should do with some fifty or a hundred hogs. I told him to leave them, come in and be off, and I would pay him for them. I shall look for him in a few days.

Respectfully, your obedient,

LUTHER BLAKE,
Special Agent.

HON. LUKE LEA, *Washington City.*

TAMPA, *July 27, 1852.*

SIR: I arrived here yesterday, from Fort Myers, after having a long talk with Bowlegs and his chiefs. He came in on the 17th with his lieutenants, as he calls them, and as he had promised to do, and remained until the 23d. He says that General Worth made a treaty with them,

permitting them to remain here, &c., and asked me to write to the department and inform it of all General Worth had told them. I told him I would do so, but it was of no use; for I know what the answer would be: that General Worth had no authority to treat with them and give them permission to remain here. The President could not do it; no one had any lawful power to do so but the State of Florida. He, I think, is convinced, and so is a majority of them, that their time is short; they cannot remain here much longer. He conducted himself toward me very respectfully. He, with his men, and some of my delegates, are now out among his people, and will meet me again, on my return from this, about the 10th of August.

I am glad to say that Colonel Winder, commanding at Fort Myers, has given me every aid that I could ask, and in his talk to them corroborated my own; and he is quite confident that I will be able to start Billy and his people in September. I hope so, and will know at the time of our next meeting. I yet feel confident, and my visit here is to meet General Hopkins, who is the agent of the government, and consult with him, so that there may be no clashing with us. The governor, I know, is willing to do anything that will promote the wishes of the general government and rid the State of these pests of the everglades.

I have at Egmont sixteen or seventeen emigrants and some of my delegation; five, with my interpreters, is as many as I want to keep here, the balance I send back. A vessel will leave here on the 29th or 30th for New Orleans, I shall send them by her to that place. I shall return in a few days, so as to be there in time for Billy and his chiefs; then, sir, I hope to be able to inform you that he is off for Arkansas.

Very respectfully, sir, &c.,

LUTHER BLAKE,
Special Agent, &c.

HON. LUKE LEA,
Washington city.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, August 13, 1852.

SIR: I enclose herewith a copy of a letter addressed by Captain Jno. C. Casey to Colonel Cooper, dated the 27th ultimo, and of the endorsement by the latter, copies of which have been this day received at this office from the Secretary of War, through the office of the Secretary of the Interior.

In view of the facts as represented therein, you are hereby instructed to take no measures for the removal of the Seminole Indian Chai, and his wife Polly, from Florida.

Very respectfully, your obedient servant,

L. LEA, *Commissioner.*

Special Agent, &c., Fort Myers, Florida.

I am on my way to Washington with Billy Bowlegs and other big Indians. They would wish to stay there but three days.

LUTHER BLAKE,
Special Agent.

HON. LUKE LEA.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, September 20, 1852.

SIR: In consideration of the promise of Billy Bowlegs, to use his best efforts in aiding you to effect the removal of the Seminoles from Florida, I think it proper to direct that his old claim for cattle, amounting to about \$1,400, be paid. This you will do, immediately on his departure from Florida for the Seminole country. He also claims compensation for certain negroes, which he says are his property, but which have been sold, or otherwise made way with since they were taken west. I have promised him to have this matter looked into, and that he shall be paid a fair price for his lost negroes, after he goes west. This also, you will do, as soon as possible after his arrival in the Seminole country.

Very respectfully, your obedient servant,

L. LEA, Commissioner.

Gen. LUTHER BLAKE,
Washington, D. C.

P. S. Billy claims the privilege of fixing the price that he is to be paid for his negroes. You will allow him to do so, provided he does not rate them unreasonably high, of which George Noble is to be the judge. Billy agrees to abide by his decision.

L. LEA, Commissioner.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, September 22, 1852.

SIR: While Billy Bowlegs and the Indian who accompanied him from Florida were in Washington, I, as you are aware, promised them that, upon their arrival in New York, they should be supplied with suitable clothing and other articles, as presents from the government. As you are fully acquainted with my views in regard to this matter, it is only necessary to state here, that you are authorized to carry them into effect by furnishing the Indians with such articles as may be most acceptable to them—the amount to be expended for this purpose not to exceed six hundred dollars. Bills for the goods purchased, which should be in duplicate, if certified by you to be correct, will be paid on presentation at this office.

Very respectfully, your obedient servant,

L. LEA, Commissioner.

SIR: Captain John C. Casey, United States army, has this day been authorized and requested to turn over to you, out of the funds in his hands, applicable to emigration purposes of the Seminoles, the sum of \$10,000.

You will pass to him your receipt for the same, and account for the amount under the head of appropriations for "fulfilling treaties with Florida Indians," (restored from surplus fund.)

Very respectfully, your obedient servant,

L. LEA, *Commissioner.*

LUTHER BLAKE, Esq.,

Special Agent, Fort Myers, Florida.

TAMPA, October 11, 1852.

SIR: We arrived at this place on the 9th instant, in the evening. Lieutenant Sylva asked the Indians to walk with him, and he took them to Captain Casey's quarters, but what he (Casey) said to them I know not, though I am satisfied it was not what it ought to have been, for he has said, within the last five days, that *I would swindle the Indians out of all that I have promised them; that the whole affair of my removing the Indians was and is a swindling business.* I sent the Indians down yesterday, and would have gone myself, for by stopping here will delay my operations at least twenty-five days, but such remarks from a United States officer have caused me to stop. Casey is confined to his room, so that I cannot see him in person. I have written to him on the subject, and now await his answer. In the presence of higher officers than himself, he has expressed a hope that I would not remove a single Indian. He has made statements to the adjutant general, about Chie and his wife; that are false. He is doing all he can to make false impressions on the Indians. If this is permitted, I, as an officer of the interior, will knock under to the military.

I have no doubt of removing the Indians, but he (Casey) will make it cost double what it ought to cost. He prefers it rather than I should make a cent. I have done what he could not do, and if I carry it out, it will prove that he has not done what he ought to have done.

I have on hand \$17,500. You know how much I have to count out to Billy, to be boxed up and laid by. I was in hopes an order for more would have been here by this time; otherwise, I am without a dollar.

Very respectfully, &c.,

LUTHER BLAKE,
Special Agent, &c.

HON. LUKE LEA.

Since writing, I have received Captain Casey's answer to my note. A copy of his and mine I here enclose.

Respectfully yours,

LUTHER BLAKE,
Special Agent, &c.

TAMPA, *October 10, 1852.*

SIR: I am informed that you have said that I would swindle the Indians, that the whole affair of my removing the Seminoles was and is a swindling business. Please inform me if you have made any such remarks.

I have the honor, &c.,

LUTHER BLAKE,
Special Agent.

Captain J. C. CASEY, *U. S. army, present.*

TAMPA BAY, *October 11, 1852.*

SIR: In reply to your note of the 10th, received this morning, I have to inform you that I have openly and freely expressed my opinion about the present plan for removing the Indians, and shall continue to do so. I claim a right to speak of public measures, and the official acts of public officers, and, I may add, that I am not in the habit of mincing my words in discussing such a transaction as the one in question.

With regard to the alleged use of the precise phrases mentioned in your note, I have to ask for your authority.

Your obedient servant,

JOHN C. CASEY.

LUTHER BLAKE, Esq., *Special Agent, &c.*

TAMPA, *October 11, 1852.*

SIR: Yours of to-day, in answer to mine of yesterday, I have. I must decline to give you my authority for any phrases in my note of the 10th, other than

Your obedient servant,

LUTHER BLAKE.

Captain J. C. CASEY.

TAMPA, *October 12, 1852.*

SIR: I sent by the quartermaster's mail, in the Fashion, by New Orleans, copies of what I now send, with the exception of what I have since heard from a gentleman that I know, and believe to be as truthful as Captain Casey, United States army.

He, Casey, has said since I passed through this place for Washington that "the Indians ought not to emigrate. That they were here well settled, and that the government did not offer inducements enough for them to quit a home that suited them so well." All these charges I can prove by true men. He ought to be removed from here.

Respectfully and truly yours,

LUTHER BLAKE,
Special Agent.

Honorable LUKE LEA.

The copies alluded to above are with Mr. Blake's letter of the 11th instant.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, November 3, 1852.

SIR: On the 7th ultimo, in transmitting his accounts for the third quarter of the present fiscal year, Captain Casey requested that some officer stationed at Fort Myers, or other responsible person, be authorized and directed to relieve him from the charge of the balance of the money in his hands on account of fulfilling treaties with the Seminoles. In compliance with his request, he was directed, on the 30th ultimo, to turn the amount over to you, taking your receipt therefor. From the account of Captain Casey it appears that there was in his hands, at the date of his letter, an unexpended balance of \$60,043 66, including a treasury draft of \$5,000 drawn on the assistant treasurer at Baltimore, Maryland. You will with the money receive said draft, directions for the payment of which will be given by the Treasury Department to the assistant treasurer at New Orleans, the point at which it is presumed you will need funds. You will doubtless be able to make arrangements with the quartermaster at Fort Myers for the safe keeping of the funds you may have in hand.

Very respectfully, your obedient servant,

L. LEA,
Commissioner.

Gen. LUTHER BLAKE,
Tampa, Florida, and Fort Myers, Florida.

FORT MYERS, *November 4, 1852.*

SIR: Billy came in yesterday with Nocose Emorthler and one or two others. He stands up to his agreement. He has had a talk with most of his own people, and the broken days are out for a big talk in fourteen days. I shall try to start some next month. Cho-ko-tei Weskenuggee, the old fellow that was with us, is sick; in fact, there is much sickness among the Seminoles at this time. All is well so far.

A year since Captain J. C. Casey said of the honorable Secretary of War that he was only a pettifogging Louisiana lawyer. He spoke it in the presence of Colonel Winder and others. I hope he will be ordered to some other post.

I have the honor, &c.,

LUTHER BLAKE,
Special Agent, &c.

Hon. LUKE LEA,

SIR: I enclose, for your information, a copy of my communication to the Secretary of the Interior, of the 28th ultimo, and also a copy of a letter of the Secretary of War to that officer, of the 6th instant.

Very respectfully, your obedient servant,

L. LEA, *Commissioner.*

Gen. LUTHER BLAKE, *Tampa, Fla.*

Same to Fort Myers, Florida.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, October 28, 1852.

SIR: I have the honor to enclose herewith copies of two letters addressed to me by special agent Blake, together with a copy of the correspondence therein referred to, between Captain Casey and himself.

If the conduct of Captain Casey be such as this correspondence indicates, it strikes me as most extraordinary and reprehensible. I have heretofore been desirous that he should remain in Florida, because it was understood that his health required it, and I had hoped that he would be able and willing to aid General Blake in effecting the removal of the Indians. But if he considers himself at liberty to thwart the "plans" of this department for carrying into effect a most difficult and important measure of public policy, the sooner he is removed from his present position the better. If he knows of anything that is corrupt connected with the measures now in progress for the removal of the Indians from Florida, he should have communicated the fact to the proper department, and I trust he will be required to make a full disclosure of all his information in regard to such matters.

The premises considered, I respectfully recommend that this communication, with its enclosures, be submitted to the Secretary of War.

Very respectfully, your obedient servant,

L. LEA, *Commissioner.*

Hon. A. H. H. STUART,

Secretary of the Interior.

DEPARTMENT OF THE INTERIOR,
Washington, November 8, 1852.

SIR: On the 30th ult. I transmitted to the Secretary of War a copy of your letter of the 28th, on the subject of Captain Casey's alleged interference with the plans for the removal of the Indians from Florida by General Blake, and I now enclose you a copy of his reply of the 2d instant, from which you will perceive that Captain Casey has been withdrawn from service in Florida.

I am, sir, very respectfully, your obedient servant,

ALEX. H. H. STUART, *Secretary.*

THE COMMISSIONER OF INDIAN AFFAIRS.

WAR DEPARTMENT,
Washington, November 2, 1852.

SIR: I have the honor to acknowledge the receipt of your letter of the 30th ultimo, enclosing a communication from the Commissioner of Indian Affairs, respecting a difficulty between Captain Casey and the Indian agent in Florida, in regard to the removal of the Indians from that State. In reply, I have the honor to inform you that Captain Casey has been ordered from Florida.

Very respectfully, your obedient servant,

C. M. CONRAD,
Secretary of War.

HON. A. H. H. STUART,
Secretary of the Interior.

FORT MYERS, *November 18, 1852.*

SIR: Yours of the 3d instant I received yesterday. I have no news. The Indians met in council yesterday; to-morrow or next day I will hear from them. Billy's niece has sent a letter from Arkansas, stating that Duval had taken off seven more of Billy's negroes. I have the letter, and shall keep it. Next month is my time to make a start.

I have the honor, &c.,

LUTHER BLAKE,
Special Agent, &c.

HON. LUKE LEA,
Washington, D. C.

FORT MYERS, *December 15, 1852.*

SIR: I am truly sorry to inform you that Billy Bowlegs, and the other delegates, refuse to comply with what they agreed to do. They have been counseling for some time, and wanted to counsel still longer. Believing it to be all pretence, I urged them to make the sign they had promised to do this month, to start fifty or seventy-five, and I would believe they intended to comply with their agreement in full. The above is their answer, and more, they do not intend to leave. They do not believe that the government will permit the cow-boys, as they call them, to come upon them.

Pardon me, sir, for recommending that the whole country be surveyed at once; let the military of Florida protect the surveyors, &c., and three hundred Creek warriors sent into the swamps, under their own officers, and in their own way, capture and bring into the nearest post all they can find.

For the army to penetrate these swamps would be attended with enormous expense, and accomplish nothing. This would require no more regulars than what are now here. No time should be lost; there are many that are willing to emigrate; action now will prove to them

that the government is determined. As peace offerings will not do, force must. Very respectfully, sir,

LUTHER BLAKE,
Special Agent.

HON. LUKE LEA,
Washington city, D. C.

WASHINGTON, *February 28, 1853.*

SIR: A copy of General Childs' letter of the 12th instant, and Sergeant C. Kallmyer's certificate to the adjutant general, I received to-day, and, in answer, say that I have authorized no one to act for me, in any way or manner, during my absence, but Col. J. H. Winder and John Montu de Ara. I have often said that I would give all that I was to receive to get them to emigrate.

Very respectfully, sir,

LUTHER BLAKE,
Special Agent, &c.

HON. LUKE LEA.

FORT MYERS, *April 26, 1853.*

SIR: I am happy to inform you that the Seminoles continue friendly, and if the surveying is conducted properly, I do not think we will have much trouble with them. I stopped the sale of all powder, lead, caps, &c., since last November. I have now employed a Mr. Hagan, who talks their language, is well known among them, and was much in the employ of General Jessup when he commanded here. He thinks that he can do some good, and I have thought it best to try him for a month or so. Billy Bowlegs has not been in of late; others are daily at the store; one of the grandest rascals of them all is now in my sight.

Very respectfully, sir, your obedient servant,

LUTHER BLAKE,
Special Agent, &c.

HON. COMMISSIONER INDIAN AFFAIRS,
Washington.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, May 3, 1853.

SIR: I am directed by the Secretary of the Interior to inform you that your office as special agent, for the removal of the Seminole Indians, has been discontinued, and your services will not be required from the day on which you shall receive this letter. You will report to this office what progress has been made in the removal of the Seminoles, and transmit your account for settlement as soon as practicable.

Very respectfully, your obedient servant,

G. W. MANYPENNY, *Commissioner.*

LUTHER BLAKE, Esq.,
Special Agent, &c., Tampa, Florida.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, May 23, 1853.

SIR: A letter was addressed to you on the 3d instant, from this office, notifying you of the discontinuance of your agency in the removal of the Florida Indians.

I am now directed by the Secretary of the Interior to instruct you to turn over to Capt. John C. Casey, of the U. S. army, all public money and property in your hands, taking of him proper receipts therefor.

Very respectfully, your obedient servant,
CHAS. E. MIX,
Acting Commissioner.

Gen. LUTHER BLAKE,
Tampa, Florida.

Duplicate to Fort Myers.

TAMPA, May 25, 1853.

SIR: Yours of the 5th instant, discontinuing my agency of the Seminole Indians in Florida, I have received. In answer to what progress I have made towards the removal of them, I have to state, that I have had an interview with many of them within the last month, and had made arrangements through a white man who talks their language, by name of Hagen, to meet Sam Jones and all the headmen in about ten days; two-thirds of them, he thinks, are now inclined to emigrate for the inducements I now offered to them. They are quite friendly, and I have not the first doubt but they are now under the impression that they cannot remain here in peace, and will emigrate, if not otherwise advised, within twelve months. My accounts I will forward shortly, and be in Washington myself in July.

I am, respectfully, sir,
LUTHER BLAKE.

Hon. G. W. MANYPENNY,
Washington city.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, July 1, 1853.

SIR: Referring to my letter of the 23d May last, in which you were directed to turn over to Capt. John C. Casey all public money and property in your hands, I have now to direct, pursuant to instructions from the Secretary of the Interior, who has been advised of the absence of Capt. Casey, that you turn over said money and property to the quartermaster, U. S. A., at Fort Myers, Florida, taking the proper receipts therefor.

Very respectfully, your obedient servant,
C. E. MIX,
Acting Commissioner.

Gen. LUTHER BLAKE,
Tampa, Florida.

WASHINGTON CITY, *September 8, 1853.*

SIR: I here enclose to you Captain John Montes de Osay's receipt for eight hundred and sixty-three blankets, three boxes, containing calico prints, blue drilling, binding, thread, needles, &c.; one hundred and six blankets were presented to Indians, and most part of the other goods. Six blankets I am indebted for. I return also seven medals of the thirteen I received; the other six I presented to the chiefs. I am also indebted for two horses which I sold for one hundred and twenty-five dollars.

Very respectfully, sir,

LUTHER BLAKE.

CHARLES E. MIX, Esq.,

Acting Commissioner of Indian Affairs, Present.

FORT MYERS, *May 19, 1853.*

Received of Luther Blake, special agent, &c., eight hundred and sixty-three blankets, three boxes of Indian goods, and one stove, property belonging to the Indian department, which I promise to turn over to him, or his order, or to such as may be authorized to receive them.

JOHN MONTES DE OSAY.

DEPARTMENT OF THE INTERIOR,

Office Indian Affairs, September 7, 1853.

SIR: The draft for 18,034 of this date, drawn by you in favor of the assistant treasurer at New Orleans, on the cashier of the branch of the Louisiana State bank, left by you at this office, has this day been enclosed to the assistant treasurer at that point, accompanied by a request to collect the same, and forward to this office duplicate certificates of its deposit with him. So soon as the necessary certificates are received at this office, directions will be given to have the amount covered into the treasury to your credit.

Very respectfully, your obedient servant,

CHAS. E. MIX, *Acting Commissioner.*

LUTHER BLAKE, Esq.,

Late Special Agent, &c., Washington, D. C.

WASHINGTON, *Sept. 19, 1853.*

SIR: With reference to the questions raised by you, in the examination of my accounts as special agent, for the emigrations of the Indians in Florida, I respectfully submit the following remarks:

In regard to the two items for commutation of expenses incident to the preliminary arrangements for the removal of the Indians, I do not understand that there is any question; they being specifically covered by the letter of instructions to me of April 18, 1851.

With respect to that for my personal services and expenses, I have to remark, that I presume I am not expected to serve the government without compensation. I have charged the smallest sum ever allowed in cases of special agents, viz: \$5 per diem, and part actual expenses, and part mileage in lieu thereof, according to circumstances.

As to the item for expenses connected with the employment of the delegation of western Seminoles, those expenses, as well as many others to which I was subjected, were occasioned mainly by the opposition of a portion of the military in Florida to the plan of emigration fixed upon by the department being carried out. If it succeeded it would be a reflection upon their unsuccessful efforts, and would leave no pretext for their remaining in that delightful climate, with little or nothing to do, as is now the case. Of the fact of my efforts being opposed, and difficulties and embarrassments being thrown in my way by the military, the department is well aware. I entered upon the duty with the full understanding that they were to be required to co-operate with me, as far as necessary, and to afford me all the facilities in their power; instead of which, they did all they could to embarrass, cripple, and thwart my operations. The only way the difficulties thus occasioned could be at all met was by a liberal dispensation of presents and money, the employment of otherwise unnecessary assistance, and by calling in the aid of a number of the more influential of their brethren in the west. Under these circumstances, I did not hesitate to incur this expenditure, as well as others which might otherwise have been avoided. The expenditures into which I was thus forced, independent of those connected with the delegation, largely aided in absorbing the commutation allowances fixed by the department. Such being the state of the case, it seems to me that there should be no question of indemnifying me for this outlay.

In regard to the remaining item, I state that the visit of the delegation—consisting of “Bowlegs” and others—to Washington and New York was a special matter, forming no part of the original plan of operations. It was considered necessary and proper by the department, and was specially approved by it. Other expenses incident to the visit were paid by the department, and it is only right that I should be indemnified for those incurred by me, a statement of which I could not, of course, submit till after their termination on the arrival of the delegation at home.

With respectful consideration, your most obedient servant,

LUTHER BLAKE,

Late Special Agent, &c.

CHARLES E. MIX, Esq.,

Acting Commissioner Indian Affairs.

DEPARTMENT OF INTERIOR,

SIR: I have to inform you that your draft on the cashier of the New Orleans Canal Bank, New Orleans, dated the 12th September last, in favor of the assistant treasurer of the United States at New Orleans for

the sum of thirteen thousand six hundred and nine dollars and sixty-six cents, has been returned to this office by James Brewer, assistant treasurer at New Orleans, in a letter dated the 1st instant, in which he states that the draft was presented at the bank and payment refused.

The draft is herewith returned to you. A postscript to the letter of Mr. Brewer indicated that the draft was drawn for a small amount more than the amount to your credit in that bank.

Very respectfully, your obedient servant,
