Copy of Notice of Contest.

PERALTA, October 16, 1855.

DEAR SIR: You will please take notice that I shall contest your right to a seat in the thirty-fourth American Congress as the delegate from the Territory of New Mexico, which seat you claim to hold by virtue of a certificate of election given to you by the secretary of the Territory of New Mexico, on or about the 18th day of September, 1855.

I shall claim my seat in said Congress as the delegate legally and duly elected by a majority of the legal votes of said Territory, and the grounds upon which I shall rely in this contest to obtain said seat are the following:

1. Under the eighth article of the treaty of peace between the United States and the republic of Mexico, proclaimed July 4th, 1848, among other things it was provided that "those Mexican citizens who shall prefer to remain in the said territories may either retain the

title and rights of Mexican citizens, or acquire those of citizens of the United States; but they shall be under the obligation to make their election within one year from the date of the exchange of ratifications of this treaty; and those who shall remain in the said territories after the expiration of the year without having declared their intention to retain the character of Mexican citizens, shall be considered to have elected to become citizens of the United States." The said contestant avers that in the county of Santa Fé, in precincts numbers one, two, three, four, five, six, seven, and eight, eight hundred voters who had elected as aforesaid, under said treaty, to retain the title and rights of Mexican citizens within one year from the ratification of said treaty, and who were not American citizens, and who had no right to vote, and who were disqualified from voting by the decision of the supreme court of New Mexico, which decision is unreversed and unappealed from, and who were also disqualified by the thirty-eighth section of the election law of said Territory, did, at said election, on the third day of September, 1855, in said precincts in said county, cast for you illegal votes to the number of eight hundred, which votes should be rejected and not counted in your favor, but were counted for you as legal votes.

2. In the county of Rio Arriba, in precincts numbers one, two, three, four, five, six, seven, and eight, six hundred illegal votes of Mexican citizens having no right to vote, were polled and counted for you when they should have been rejected.

3. At precinct number six, in the county of Rio Arriba, instead of the judges of election receiving the votes when they were handed in by the voters, the priest of San Juan received them and read them; and if the vote was for you he handed it to the judge of election to be placed in the ballot-box, and if for me he handed it back to the voter, telling him that such votes were not received there—thus fraudulently and illegally preventing votes at said precinct, to the number of forty, being cast for me, and which votes should have been put in the ballot-box and counted for me, but which were fraudulently refused to be received.

4. In precinct number six, in the county of Rio Arriba, the polls were kept open until eight o'clock, two hours after, by law, they should have been closed; during which two hours, illegal votes to the number of fifty were polled for you, and by means of which illegality all the votes polled for you at said precinct should have been rejected, numbering one hundred and fifty.

5. In precinct number five, in Rio Arriba county, there were seventy-one more votes than there were names on the poll-books of said precinct, and the names of seventy-one persons were fraudulently put on the poll-books for the purpose of counting said seventy-one votes, all of which seventy-one fraudulent votes were given to and counted for you, and were never given by said seventy-one persons purporting to have voted said votes.

6. In precinct number —, at the Rincones, in the county of Taos, one hundred and fifty votes were placed in the ballot-box at said precinct for me by legal voters of said Territory and said precinct, and were not counted for me, as by law they should have been.

7. In precinct number two, at Placita, in the county of Taos, all your friends were collected together and voted for you before the hour of ten o'clock, and at the hour of ten o'clock the polls were fraudulently and illegally closed by the judges of said election; by means whereof, voters to the number of fifty, entitled by law to vote at said precinct, and desiring to vote for me, were prevented from so doing.

8. In precincts numbers one, two, three, four, five, six, seven, and eight, in Santa Fé county, minors and Mexican citizens, and persons not entitled to vote, to the number of five hundred, illegally voted for you, and said votes were counted for you, and they should have been rejected.

9. In precinct number —, at Mesilla, in the county of Doña Ana, votes to the number of three hundred and twenty-nine, which were illegal, fraudulent, and void, were counted for you by the secretary of the Territory of New Mexico, when they should have been rejected, for the following reasons: First, because the poll-books for said precinct, by the probate judge of said county, were not used at said election, by the unlawful interference of the priest at Mesilla; second, because there was but one poll-book kept at said precinct; third, because votes to the number of one hundred were illegally received for you after six o'clock on said day; fourth, because one hundred and ninety-six votes, placed in the ballot-box of said precinct for me, and which should have been counted for me, were not counted for me, but remained in said ballot-box uncounted; fifth, because the judges of said election at said precinct, appointed according to law, were not permitted to serve, and others, without being sworn according to law, or entitled to act as judges, did act as judges of said election at said precinct; sixth, because at the time of counting the votes of said county before the probate judge of Doña Ana county, William Claude Jones, a citizen having the right to question the legality or illegality of said votes, did then and there question, before the probate judge of said county, the legality of all the votes polled at said precinct, and the said votes, numbering four hundred and one, of which you received the number of three hundred and twenty-nine votes, were adjudged illegal, fraudulent, and void, by the said probate judge of said county, and should not have been counted for you by the secretary of the Territory of New Mexico, but were illegally counted for you by him.

10. Because the secretary of the Territory refused to count for me in precinct at Mesilla, in the county of Doña Ana, ninety-two votes which the certificate of the judges of election who counted the votes shows that I received, and only counted for me seventy-two votes; by means whereof twenty legal votes were lost to me by such count.

11. Because the secretary of the Territory of New Mexico, in counting the votes of the county of Bernalillo, counted for me one hundred votes less than the abstract of the votes of said county indicated I had received.

Upon the grounds above specified, I contest your seat as said delegate in said thirty-fourth Congress, and claim to be duly elected by a

majority of the legal votes of said Territory, and shall claim my seat as said delegate legally elected.

Yours, respectfully,

MIGUEL A. OTERO.

Copy of Answer to Notice of Contest.

ALBUQUERQUE, October 27, 1855.

DEAR SIR: For answer to your notice of contest of the election held in this Territory on the 3d ultimo, and by which election I was legally elected delegate to the thirty-fourth Congress of the United States from this Territory, I say that said notice is informal and uncertain, and not sufficiently explicit to enable me to reply thereto with certainty, inasmuch as it does not specify the individual voters to whose votes you wish to object.

I deny that you were legally and duly elected as the delegate to the thirty-fourth American Congress by a majority of the legal votes of said Territory:

As to the first allegation in said notice contained, I deny that eight hundred voters, or that any voters in precincts numbers one, two, three, four, five, six, seven, and eight, in the county of Santa Fé, who had elected, under the treaty referred to in said notice, to retain the title and rights of Mexican citizens, and who had no right to vote, and who were disqualified from voting by any decision of the supreme court of the Territory of New Mexico, or who were disqualified by said thirty-eighth section of the election law of said Territory, did, at said election, cast illegal votes for me, or that any votes cast in said precincts were illegal, or should be rejected; and I also deny that any citizens of said Territory did, under the provisions of said treaty, elect, in any legal and valid form, to retain their rights and characters as Mexican citizens.

As to the second allegation in said notice contained, I deny that in precincts numbers one, two, three, four, five, six, seven, and eight, in the county of Rio Arriba, six hundred illegal votes, or any illegal votes of Mexican citizens having no right to vote, were polled and counted for me when they should have been rejected; and I allege that if any illegal votes were cast in any of the precincts in said county of Rio Arriba by Mexican citizens who had retained their rights as such Mexican citizens, under the provisions of said treaty, they were cast for you in the precincts of La Cañada, Rio Arriba, and El Embudo—all in said county of Rio Arriba.

As to the third allegation in said notice contained, I allege that said allegation contains nothing worthy of being answered, nor does it contain any good and sufficient ground of contest; and I also allege that all the matter contained therein is wholly and utterly false.

As to the fourth allegation in said notice contained, I deny that in precinct number six, in the county of Rio Arriba, the polls were kept open until 8 o'clock, or that, during the two hours referred to in said notice, fifty illegal votes, or any illegal votes, were polled for me; and if fifty illegal votes were cast for me in said precinct, it would be no reason for rejecting any legal votes cast for me.

As to the fifth allegation in said notice contained, I deny that in precinct number (5) five, in Rio Arriba county, there were seventy-one more votes than there were names on the poll-books of said precinct. I also deny that the names of seventy-one persons were fraudulently put on the poll-books for the purpose of counting said seventy-one votes. I also deny that said seventy-one fraudulent votes, or that any fraudulent votes, were given to and counted for me in said precinct.

As to the sixth allegation in said notice contained, I deny that in precinct number —, at the Rincones, in the county of Taos, one hundred and fifty votes were polled, or placed in the ballot-box at said precinct, for you, by legal voters of said Territory at said precinct, and were never counted for you, as by law they should have been counted; and I allege that in the precinct of Chamisal, being precinct number —, at the Rincones, in the county of Taos, the legal votes of one hundred and sixty of the legal voters of said precinct were fraudulently abstracted from the ballot-box in said precinct, and one hundred and sixty illegal votes in your favor were put in said ballot-box in place of said votes so abstracted; and that one of the judges of election in said precinct, when charged by the voters of said precinct with having been guilty of said fraud, did not deny it.

As to the seventh allegation in said notice contained, I deny that in precinct number two of Placita, in the county of Taos, all my friends were collected together, and voted for me before the hour of 10 o'clock, and at the hour of 10 o'clock the polls were fraudulently and illegally closed by the judges of said election; by means whereof voters to the number of fifty, entitled by law to vote in said precinct, and desiring to vote for you, were prevented from so doing.

As to the eighth allegation in said notice contained, I deny that in precincts numbers one, two, three, four, five, six, seven, and eight, in the county of Santa Fé, any minors or Mexican citizens, or any persons not entitled to vote, voted for me, or that any fraudulent votes were given or counted for me.

As to the ninth allegation in said notice contained, I deny that in precinct number —, at Mesilla, in the county of Doña Ana, three hundred and twenty-nine, or any number of fraudulent, illegal, and void votes were counted for me by the secretary of the Territory, when they should have been rejected. I also deny that the poll-books provided by the probate judge were not used at said election. I also deny that any priest, at Mesilla or elsewhere, unlawfully interfered in my behalf with any matter pertaining to said election; but I aver that the bishop and vicar-general of New Mexico, together with a large number of the priests of said Territory, used their utmost efforts, now as heretofore, to defeat my election. As to the number of poll-books kept at said precinct, I have no information; but I allege that

no legal votes cast in said precinct could be made illegal by reason of said omission. I also deny that one hundred votes, or any number of votes, were illegally received for me after 6 o'clock on said day. I also deny that one hundred and ninety-six legal votes were legally placed in the ballot-box of said precinct for you, and which should have been counted for you, and were not counted for you, but remained in said ballot-box uncounted; but I allege that one hundred and ninety-six illegal votes were fraudulently and illegally put into the ballot-box of said precinct by two individuals who had charge of said ballot-box, and after the election had been duly declared closed. I also deny that the judges who conducted said election were not entitled to act as judges of said election. I also deny that William Claude Jones had any right to question the legality of any votes given at said precinct, or any other precinct. I also deny the right of said probate judge to adjudge illegal, fraudulent, and void, any votes cast at said precinct; and I allege that all the votes cast for me in said precinct were cast by legal voters of said precinct.

As to the tenth allegation in said notice contained, I deny that the secretary of the Territory of New Mexico refused to count any legal votes cast for you in the precinct at Mesilla, in the county of Doña Ana.

As to the eleventh allegation in said notice contained, I admit that the secretary of the Territory counted for you one hundred votes less than the abstract of the votes of said county indicated; but I allege that there is an error in the addition of the votes of said county, by which error one hundred votes were improperly given to you in said county; and I also allege that you are, and have been, cognisant of the fact of such error, of which you seem willing to take advantage.

I most positively deny that you have received a majority of the legal votes of said Territory, and I allege that a large proportion of the votes cast for you were procured to be so cast by the most shameless misrepresentation, fraud, and corruption; and as a proof of the manner in which your friends conducted the election on your part, I shall lay before the Committee of Elections of the House of Representatives the official record of the proceedings of the district court for the United States at Santa Fe, and other proof, by which I shall show that the person who was duly appointed to carry to the capital of the Territory the poll-books from the county of Rio Arriba was waylaid by a party of your friends, armed with fire-arms, and the poll-books and returns from said county, being largely in my favor, were forcibly taken from said person.

I also allege that in the precinct of Las Corrales, in the precinct of La Alameda, and in the precinct of Los Gallegos, and in the precinct of La Candelaria, all in the county of Bernalillo, minors, and other persons having no right to vote, voted in your favor; also, that in said precincts votes were fraudulently placed in the ballot-boxes for you, and were counted for you.

I also allege that in the precinct of Bernalillo, in the county of Bernalillo, minors under the age of twenty-one voted for you; also that the names of persons residents of said precinct, but at the time of said election absent in the United States, were placed on the poll-

books of said precinct, and votes to correspond in number with said names were placed in the ballot-box of said precinct. I also allege that in the precinct of Los Padillas, in the county of Bernalillo, there was no legal election. I also allege that in the precinct of San Antonio, in the county of Bernalillo, fifty illegal votes were cast for you. I also allege, that in the precinct of Los Lentos, in the county of Valencia, fifty Pueblo Indians voted for you, and that said fifty votes were counted for you. I also allege that in the precinct of Cilebolleta, in the county of Valencia, one hundred illegal votes were cast and counted for you. I also allege that in the precinct of Cuvero, in the county of Valencia, fifty illegal votes were cast and counted for you. I also allege that in precincts numbers one, two, three, four, five, six, and seven, in the county of Socorro, six hundred and sixty-two illegal votes were cast for you, and counted for you, which should have been rejected; and if informality in poll-books, which are mere matters of form, and do not in any way affect the legality of the votes cast, are to be considered, I shall object to the receiving or counting of any votes polled in said county. I also allege that in the precinct of the Mesilla, in the county of Doña Ana, five hundred legal voters who wished to cast their votes for me were deprived of all opportunity of voting, by the illegal conduct of the judges of election in said precinct, and the illegal conduct of the probate judge of said county of Doña Ana.

Yours, &c.,

JOSÉ MANUEL GALLEGOS.

Otero is the contestant, and José Manuel Gallegos is the returned member to the thirty-fourth American Congress; and this do you under the penalty of the law.

Witness my hand and private seal, this twenty-seventh [L. s.] day of November, A. D. one thousand eight hundred and fifty-five.

J. J. DEAVENPORT,
Chief Justice of the Supreme Court of New Mexico.

J. J. DEAVENPORT,
Chief Justice of New Mexico.

I hereby certify that I served the within subpoena on the within named Miguel E. Pino, by delivering to him a true copy of the same this 27th day of November, A. D. 1855.

R. M. STEPHENS,
Special Officer.

SANTA FÉ, NEW MEXICO,
November 22, 1855.

The honorable James J. Deavenport, chief justice of the supreme court of the Territory of New Mexico, this day opened his special court for the purpose of taking testimony in the cause of the contested election in which Miguel A. Otero is the contestant, and José Manuel

Gallegos is the returned member to the thirty-fourth American Congress; and in pursuance to notice given, Richard H. Tompkins, agent and attorney for Miguel A. Otero, was present, and Justus J. McCarty, agent and attorney for José Manuel Gallegos, was present; and by consent of parties it is ordered that this cause be adjourned until tomorrow morning at nine o'clock.

J. J. DEAVENPORT,
Chief Justice of the Supreme Court of New Mexico.

NOVEMBER 23, 1855.

The Hon. James J. Deavenport, chief justice of the supreme court of the Territory of New Mexico, taking testimony in the cause of the contested election between Miguel A. Otero contestant, and José Manuel Gallegos, returned member to the thirty-fourth American Congress, on the 23d of November, A. D. 1855, opened his special court pursuant to adjournment. Present as of yesterday.

Albino Chicon, being duly sworn, the following questions were asked by Mr. R. H. Tompkins, agent for the contestant:

First question. Where do you live?

Answer. In Chamisal en Los Rincones, county of Taos.

Second question. Were you present at the last congressional election in the precinct of Chamisal en Los Rincones?

Answer. I was.

Third question. What office did you hold?

Answer. One of the judges of election.

Fourth question. Do you know how many votes were given at your precinct; and if so, state the number of votes?

[Objected to.]

Answer. One hundred and sixty-nine votes.

I protest against the taking, in this county, of any testimony in relation to matters that are alleged to have occurred in other counties. The act of Congress authorizing testimony to be taken in cases of contested elections clearly intends that witnesses shall be examined in the county in which they reside. The fourth section of the act provides that no witness shall be compelled to attend any examination out of the county in which he resides; and if the contestant is allowed to examine witnesses out of their counties, the returned member would be unable to procure the attendance of witnesses to explain or rebut any evidence that might be given on the part of the contestant. The witness now proposed to be examined is the very person who robbed the ballot-box in the precinct of Chamisal, county of Taos, of votes given for me, and substituted in their place votes given for the contestant; and it is now proposed to examine him here, in the county of Santa Fé, to prove that there was no fraud committed in the precinct of Chamisal; and under the act of Congress referred to, I am without the power to compel the attendance of witnesses to prove the fraud charged in the answer to the notice of contest.

JOSÉ M. GALLEGOS.

By J. McCARTY, *Attorney.*

On motion of Mr. R. H. Tompkins, A. De Mara was appointed as interpreter by the court, and duly sworn as such.

Fifth question. Were those votes counted in the election?

Answer. They were not.

Sixth question. Do you know for whom those votes were cast; and if so, for whom?

Answer. I do know that 151 were for Otero, and 18 for Gallegos; and some remained in the box, which were not numbered, and not counted.

Seventh question. Do you know whether they were counted by the prefect or not?

Answer. I do know.

Cross-examination by Mr. McCarty.

First question. You say that those votes were not counted. What place do you allude to—at the Rincones, or at Santa Fe?

Answer. I allude to the Rincones.

Mr. R. H. Tompkins objected to the question, as the matter is not contained in the answer to the notice of contest. Objection disallowed.

Second question. How did you know that 151 votes were given for Otero, and 18 for Gallegos?

Answer. I saw it at the prefect's office.

Third question. Where was this; and were you present at the official counting of the votes?

Answer. I was present, at the court-house in San Fernando de Taos, when the prefect and secretary were counting them; but I do not know if it was the official counting or not.

Fourth question. Do you recollect who else was present?

Answer. Many others, as Pascual Martinez, Santiago Valdez, and Mercutio Martinez, and others I do not recollect.

Fifth question. Do you know if the sheriff of Taos was present?

Answer. I do not exactly recollect if he was there at that moment. He was coming in and going out every moment.

Sixth question. Do you recollect what day this took place?

Answer. It was on Monday, the 10th of September.

Seventh question. Do you know in whose possession, after the day of election, the ballot-box remained?

Answer. Yes, sir; it remained in my possession.

Eighth question. Did not a justice of the peace interfere to quell a difficulty arisen between you and the other judge of election, concerning the custody of the ballot-box?

Answer. No, sir; but I heard that such a dispute had arisen in the house of the justice of the peace, and I immediately secured the ballot-box.

Ninth question. On what day and hour did you secure it?

Answer. On the fourth, immediately after sunrise.

Tenth question. Did you not steal during the night, or cause to be stolen, about 140 of the votes given for Gallegos, and put others in for Otero?

Answer. I did not.

Eleventh question. Do you know if the 151 votes for Otero, and 18 votes for Gallegos, you mentioned, have been counted in the general result of the election?

Answer. I do not know.

Twelfth question. Did not, a few days after the election, some 109 men of your precinct come up to a justice of the peace and swear that they voted for Gallegos?

Answer. On the 7th, according to a list made out, 105 men did so; but I did not see, perhaps, all the men.

Thirteenth question. Do you know that any of those 105 men were not residents of the precinct, or illegal voters?

Answer. There were several illegal voters, but I remember only one, whose name was José Manuel Matao. I do not know that such a man lives in the Territory.

Fourteenth question. Was he one of those who presented themselves in the number of the 105?

Answer. I saw the man on the list made in favor of Gallegos, which contained 105 names.

Fifteenth question. Were you not present when the 105 men took their oath?

Answer. I was.

Sixteenth question. Were you not present, and assisted, when they wrote the list of the names down?

Answer. I was present, but did not assist them; but I assisted to the making of another list.

Seventeenth question. What was it a list of in which you assisted, and how many names did it contain?

Answer. It was a full list of the names for Otero, and I cannot tell the number.

Eighteenth question. Since when did you live in your precinct?

Answer. Since 1847.

Nineteenth question. Do you know the legal voters in your precinct?

Answer. I know most of them.

Twentieth question. How is it, if you know the majority of your voters, and were present at the time when those one hundred and five men made their declaration, that you remember none of the men who have not a right to vote?

Answer. I did not see any illegal voters, but the list contained names of them.

J. J. DEAVENPORT,

Chief Justice of the Supreme Court of New Mexico.

SANTA FE, November 27, 1855.

Court met pursuant to adjournment. Present as of yesterday.

Examination of Mr. J. M. Giddings continued by R. H. T.

First question. You were asked in cross-examination if any of the persons named by you made a declaration to you in regard to their election to retain the character of Mexican citizens. Please state if any of those persons, or any other person in the list of names produced by you, were not personally present and subscribed the list, or authorized it to be done?

Answer. I recollect only Miguel Pino, Jesus Maria Baca, Nicolas Quintana y Alarid, and Bruno Valencia.

[To the above question counsel of opposite party objected, that as the list mentioned had not been introduced as testimony of all it contained, the witness should only have an opportunity to examine the list for the purpose of refreshing his memory, and, after having so refreshed it, to testify upon his personal recollection of the facts; and the court so ruled the law, and permitted said question to be answered in accordance with such ruling of the law.]

At this stage of the proceedings the book marked Exhibit A was introduced, and made a part of the testimony, by Mr. R. H. Tompkins.

Second question. Is that the book kept by you in 1849?

Answer. Positively, I do not know.

Fifth question. Do you know in whose custody that book has been since it left your hands?

Answer. I have seen it in the hands of the secretary of the Territory, and have also seen it in the hands of Mr. Clever.

Answer. It was lying open for all to sign, but still it was necessary to apply to me.

Seventh question. By looking over the book, are there no names of persons there who signed when you were not present?

W. W. H. Davis, being duly sworn, was asked the following questions by R. H. Tompkins:

First question. Do you know the number of votes cast at the election of 1853 for member of Congress in this county of Santa Fé?

[Objected to by the opposite counsel, on the ground that the poll-books were the highest species of evidence, and that oral testimony could not be received, unless the party asking such question should lay a foundation for the introduction of secondary testimony; and the court sustained the objection, and the question was not answered.]

After the examination was closed on the part of Mr. Tompkins with his witnesses, Major McCarty, on the part of the returned member, offered Jesus Maria Sena as a witness, to whom the counsel of the other party objected, on the ground that he had not been notified of any such witness being examined; which question being raised and argued, the court took it under consideration until 9 o'clock to-morrow morning, to which time the court adjourned.

LA MESILLA, December 3, 1855.

TERRITORY OF NEW MEXICO, }

I, Vincent St. Vrain, do solemnly swear that I will well and faithfully, to the best of my skill and knowledge, interpret such matters and things as shall be put to me in charge, touching the contested election between Miguel Antonio Otero and José Manuel Gallegos, for delegate to the thirty-fourth Congress of the United States. Sworn to and subscribed before me, this 3d day of December, 1855.

KIRBY BENEDICT,
Associate Justice.

Depositions of Richard Campbell, José de Jesus Baca, Manuel Candelaria, and Bartolo Madrid, taken before Kirby Benedict, associate justice of the Territory of New Mexico, at his chambers at La Mesilla, in the county of Doña Ana, in said Territory, in pursuance of notice herewith attached, commencing on the 3d day of December, 1855, and continuing from day to day, between the hours of six o'clock in the forenoon and six o'clock in the afternoon of each day successively, until the evening of the seventh day of same month, to be read in evidence in a contested election between Miguel Antonio Otero and José Manuel Gallegos, before the House of Representatives of the United States, for delegate from this said Territory.

On the part of said José Manuel Gallegos :

Richard Campbell having appeared, was duly sworn, and deposed as follows, to wit :

By S. M. Beard, agent and attorney of José Manuel Gallegos :

First question. Who was probate judge of the county of Doña Ana previous to, and during, the last general election of this Territory, held on the first Monday in September last; and who was the probate clerk?

Answer. I was probate judge, and James A. Lucas was probate clerk.

Second question. Who prepared the poll-books for the precinct No. 4, and who sent them to said precinct; and who were appointed judges of said precinct in holding the said election, said precinct being known as La Mesilla precinct No. 4?

Answer. Two good and sufficient poll-books were made out, under my direction, by James A. Lucas, clerk, with the form of the oath

and of the necessary certificate upon each one; and the said clerk then sent them to said precinct, with a notice to Santiago Trujillo, Valentine Maese, and one other whose name I do not recollect, who were appointed judges.

Third question. Where are those poll-books?

Answer. Two sheets of one of the books were returned to me, with the oath and certificate not signed, and the sheets contained about thirty names; the remainder of the books, I do not know what became of them.

Fourth question. What were the form and substance of these poll-books as made out to be sent as before mentioned?

Answer. The form and substance were according to law; and I cannot state what names as candidates were written upon the books by the clerk, nor what names were omitted. The poll-books will show for themselves, and the one returned to me is in Santa Fé—I mean the one of two sheets as returned.

Here, on motion of Attorney Baird, the further examination of Richard Campbell was adjourned until to-morrow morning at nine o'clock.

DECEMBER 4, 1855.

On this day the examination of said witness (Campbell) was resumed in pursuance of the adjournment.

Same parties present as on yesterday, and at the same place. Marshal and interpreter also present.

Fifth question. Were the names of any candidates written in the columns of the poll-books; and, if so, whose were they?

Answer. There were the names of several of the candidates upon the poll-books, but I do not recollect whose they were.

Sixth question. Please examine the paper now presented, (marked Exhibit A,) and state if it contains a true transcript of the record made by you upon annulling the election of the precinct of La Mesilla, as probate judge, and upon the back of which paper your name is written?

Answer. It is a true copy.

Seventh question. For whom, as delegate to the 34th Congress of the United States, were the one hundred and ninety-five votes referred to cast?

Answer. So far as I examined those that were not numbered, (and I examined some five or six,) I found them to contain the name of Otero. I do not know that the ones I examined were the ones supposed to be fraudulent; there were one hundred and ninety-five votes not numbered; there were one hundred and ninety-five over and above the four hundred, or four hundred and one, which were contained as written, with voters' names upon the poll-book returned to me.

Eighth question. Exclusive of the one hundred and ninety-five votes not numbered, nor upon the poll-books, how many votes were found for Otero, and how many for Gallegos for delegate?

[Objected to by J. S. Watts, attorney for Otero.]

Answer. Seventy-two votes for Otero, and three hundred and thirty for Gallegos.

Ninth question. What did you do with the poll-books and tickets of La Mesilla, and where are they now?

Answer. I sent the poll-books to the secretary for the Territory, and the boxes, with the tickets, I delivered to the probate judge.

Tenth question. On what kind of paper were the tickets not numbered written?

Answer. Upon common bluish-colored paper; but I do not know that they were all written upon such kind.

Eleventh question. How were these tickets found situated in the box in reference to other tickets in the same box?

Answer. This question I cannot answer, as I opened the box and passed it to Mr. Bull, justice of the peace, who counted the tickets.

Twelfth question. Is the box now shown you the same that was returned to you from La Mesilla; and the tickets therein the same that were returned to you, and the same that were counted by you on your examination by Judge Watts on the part of Otero?

Answer. There were two boxes returned to me, each with tickets; one of them was locked, and the other nailed. I took all of the tickets from the one locked, to use it in another election. The one present was the one nailed, and into which are placed the tickets which were in the other box, along with those returned in this box; so that this contains all the tickets returned to me from said precinct.

Thirteenth question. Please open the box, and count the number of tickets therein which have no number upon them, and state whose names are written upon the back of each one, and whom, as delegate to Congress, said tickets were found in favor of.

Answer. I have opened the box, and counted the tickets that have no number upon them, and find one hundred and ninety-seven, all of which are in favor of Otero for delegate; and have caused a list, marked Exhibit B, to be made, which contains the number of the tickets which I refer to, the names of the persons written upon the back of each one, and for whom the ticket was in favor for delegate; which exhibit I adopt as part of my answer to the last question.

Fourteenth question. Are or are not these the same tickets to which you refer in your decree as probate judge, annulling the precinct of Mesilla, "as one hundred and ninety-five votes within the ballot-box which were not numbered, and not down on the poll-books, which number of votes, appearing to be all on one side, gives it greatly the appearance of fraud?"

Answer. They are the same.

Fifteenth question. Are you acquainted with Rafael Armijo, and do you know where he was on the day of the said election, and where he voted?

Answer. I am acquainted with him, but I do not recollect having seen him on the day of said election; nor do I know where he voted.

Sixteenth question. Previous to, at, and subsequent to said election, whom were the judges of the election in La Mesilla in favor of for delegate to Congress?

[Objected to by Judge Watts.]

Answer. I do not know; I was not well enough acquainted with them to know.

Seventeenth question. Are you generally acquainted with the people of the county of Doña Ana and of the Mesilla; and if so, do you recognise any of the names put into Exhibit B by you, as non-residents of said county, or names of persons not in existence? If you recognise such persons, please state where such persons as non-residents resided at the time of the election, and the names of such not in existence.

Answer. I am well acquainted with the people on the other side of the river, but I have very little acquaintance with the people of the Mesilla.

R. CAMPBELL.

KIRBY BENEDICT, *Judge.*

EXHIBIT A.

FRIDAY, *September 7, 1855.*

Court met pursuant to adjournment.

In pursuance of the order of the probate court, dated Tuesday, the 4th instant, this day was set apart for the examination of the votes polled at the election held on the 3d instant. Having called in the assistance of Thomas J. Bull, justice of the peace for Las Cruces precinct, the court now proceeds to examine and count the votes, commencing with the precinct of La Mesilla; and it appearing that there was but one poll-book made out by the judges and clerks of election precinct, W. C. Jones files a motion to reject and annul the election of said precinct; and it appearing, upon further examination, that there were one hundred and ninety-five votes within the ballot-box which were not numbered and not down on the poll-books, which number of votes appearing to be all on one side, gives it greatly the appearance of fraud; and further, that the certificate showing that the judges appointed were sworn according to law, was not signed as the law directs; and further, that they refused to use the poll-books furnished and made out in proper form according to law; that they made out others which were not in form as required by law; therefore it is hereby ordered and decreed by this court, that the returns from said precinct of Mesilla be and the same are hereby rejected and annulled on account of illegality of same, and evident fraud on the part of judges, clerks, or other persons having to do at the polls of said election.

R. CAMPBELL, *Probate Judge.*

KIRBY BENEDICT.

On this 5th day of December the examination was resumed, in pursuance of adjournment. Present the same parties as on yesterday. Also present the interpreter and marshal.

José de Jesus Baca being now present, he was duly sworn, on the part of Gallegos, to testify the truth, the whole truth, and nothing but the truth; and upon his oath says, in answer to the questions to him propounded, to wit:

First question, (by S. M. Beard, attorney for Gallegos.) Please examine the paper writing marked Exhibit C, on which your name is endorsed, and state whether or not the persons whose names are thereto signed were judges and clerks of the election, as they purport to be, of the Mesilla, and if the signatures to said exhibit are genuine?

Answer. The persons whose names are written upon this paper were judges and clerks of the said election. I never saw them write their names nor make their *scrawl* until that day. The people requested me to solicit the judges and clerks to make their certificate. I did so, and the signatures and *scrawl* were made in my presence.

Second question. Who was the cura at that time of the curacy of La Mesilla, and what was the extent of his jurisdiction?

Answer. I was, with jurisdiction north as far as Doña Ana and south as far as Santo Tomas.

Third question. What facts induced you to ask for that certificate from the judges and clerks?

[Objected to.]

Answer. I had previous notice that frauds were going to be committed in the election, and I feared that more tickets would be put into the box, and that fraud would be committed in counting up the votes.

Fourth question. What part did you take, if any, at the said precinct of La Mesilla touching said election?

Answer. I took part in favor of the election of Mr. Gallegos, and I was present at the election to prevent illegal votes from being given for either Gallegos or Otero, and to see that Gallegos got his just votes.

Fifth question. Were any legal voters prevented from voting for Gallegos at said election; and, if so, how many and by what means?

[Objected to.]

Answer. I saw one voter present himself to vote, and he was objected to by Trujillo, and put under oath to prove his residence in said precinct, as he was objected to upon that ground; and after he proved by his oath that he was such resident, which I also knew, still he was refused to vote.

Sixth question. Did all the legal voters of said precinct vote on said day, or were there any deprived of the opportunity of voting who wished to vote for Gallegos; and, if so, how many and by what means were they deprived of the opportunity of so voting?

[Objected to.]

Answer. All did not vote; the election did not open until about eleven o'clock of the day, and the same judge (Trujillo) embarrassed the election by questioning the voters and consuming the time; and, from the number of tickets distributed and the number of persons at the polls, I suppose that five hundred voters were prevented from voting for Gallegos.

Seventh question. In favor of whom, for delegate at said election, were the probate judge of the said county of Doña Ana and the judges and clerks of the precinct of La Mesilla?

Answer. I understood that the judge of probate was in favor of Otero. The judges of the election declared themselves in favor of Otero. At the beginning of the election one clerk was in favor of Otero and the other in favor of Gallegos. One clerk—the one in favor of Otero—resigned, and the judges then appointed another, who was in favor of Gallegos.

Eighth question. Did the judges of election make any adjournment during said day; and if so, how often, and how long, and what time did the polls close in the evening finally?

Answer. There was no adjournment during the day; they refused to receive tickets just as the sun was about to disappear, and it was about six o'clock when the polls closed.

Ninth question. Was there any suspension of the voting during the day; and if so, from what cause?

Answer. There was suspension. The said Trujillo insisted that they should get a room, where the judges and clerks should be shut up

by themselves, and receive the tickets through a window. Also, as tickets were handed to Trujillo in favor of Gallegos, he would hold them in his hands, waiting for somebody to come and vote for Otero.

Tenth question. Were there any tickets concealed or destroyed by said judges or clerks after the same were received by them; and if so, for whom were they cast for delegate?

[This question is objected to, as the point seems not to be made, neither in notice nor answer.]

Eleventh question. Why did the clerk who resigned, make such resignation?

[Objected to.]

Answer. The resignation was in this way. The clerk arose and left his seat, without saying anything, and remained away one or two hours, when another was appointed. I do not know the motive.

Twelfth question. State what was the form of the poll-books sent by the judge of probate to the said precincts, and if there were any names of candidates written upon them; and if so, whose; and if there were none, for any other names; and if these poll-books were not used, what was the reason?

Answer. I know the form of the books sent only by report, and I do not know whether those or others were used in the election.

Thirteenth question. Do you know of any bishop, vicario, or priest of this Territory having used efforts to defeat the election of Gallegos as delegate; and if so, who were they?

Answer. I only know these things from reports made to me.

Fourteenth question. Are you generally acquainted with the people of the precinct of La Mesilla?

Answer. I do not know all, but a great many of them.

Fifteenth question. Examine the exhibit of names marked B, and state, so that the interpreter (Mr. St. Vrain) can place opposite each name whether the person resided in this precinct at the time of the election, was dead, a fictitious person, or resided beyond this county or Territory?

Answer. I have examined the list, and the notation opposite each name is my answer.

Sixteenth question. What do you mean, in your annotations, by New Mexico?

Answer. I mean beyond the "Jornada" and Fray Cristobal.

Seventeenth question. Examine your annotations and the list of names, and state if any of those residing out of this precinct were here on the day of the election, and voted?

Answer. None voted here.

Here the direct examination of José de Jesus Baca closed, and the examination adjourned until to-morrow morning at 9 o'clock.

On this fifth day of the examination, at the same place, and in presence of the same parties, the further examination of the said witness was resumed by agreement of the parties, and Judge Watts, for Otero, put to the witness the following questions, which were answered as will appear written down.

First question. Please do me the favor to state the names of the

legal voters of Mesilla who presented themselves at the polls, who wished to vote for Gallegos, and were prevented from voting for the want of time, at the last general election?

Answer. It is not easy to state all that were there, for many went away. There were about five hundred in all; some of them I knew by name, and others by sight. I knew Atilano Baca, Juan Baca, Mariano Esquibel, Anastasio Escurate, Reys Gomez, Vicente Duran, and Juan José Duran. It is very difficult to answer this at present, as I do not recollect well the names of the persons, and I fear I may confound the names of persons that voted with those that did not vote.

Second question. By whom, when, and where was the paper referred to, and marked Exhibit C, written?

Answer. It was written on the 3d of September, the day of the election, by Apolonio Varela, at my house; said Varela was one of the clerks of the election.

Here the cross-examination ended, and Judge Baird, for Gallegos, put the following question, which was answered as will appear written:

Question. Who were present when the said paper was written?

Answer. After the election closed, the judges and clerks began to make a computation of the votes in the portal until it became dark. They then went out into the open air, and it became so dark that Trujillo proposed to postpone until the next morning. To this the population present would not consent. Trujillo then said that "he was not obligated to procure candles on his own account, and the probate judge had not furnished any." I then sent to buy candles on my own account. When they were brought, we went back to the portal of Cubero, which by this time we found occupied, and I then invited the judges and clerks to come down to my house. They did so, together with the population present who had voted, and those who had not, and the paper referred to was made in presence of the judges, clerks, and population, at my house.

Here the examination closed.

JOSE DE JESUS BACA.

Signed in presence of—

KIRBY BENEDICT, *Judge, &c.*

Here the further examination was adjourned until to-morrow morning, at nine o'clock.

KIRBY BENEDICT.

On this 6th day of December the examination was resumed, in pursuance of the adjournment. Parties present as on yesterday; also interpreter and marshal.

Manuel Candelaria, upon being first duly sworn to testify the truth, the whole truth, and nothing but the truth, upon his oath says, in answer to questions to him put on the part of Gallegos:

By S. M. Baird, attorney for Gallegos:

First question. Do you know anything about any fraudulent tickets having been fraudulently put in the ballot-box of the precinct of La

Mesilla after the close of the general election, on the 3d of September last? and if so, state all you know about it.

[Manuel Candelaria being sworn as a witness, the attorney for Otero moved the examining judge to instruct said witness that he was not bound to answer the first question, or any question, if the answer would tend to criminate himself, or render him infamous, or produce disgrace to himself, for his participation in said supposed fraud.

JOHN S. WATTS,

Attorney for MIGUEL A. OTERO.

As the examining magistrate does not know of any law of this Territory that the answer of the question would render the witness liable to indictment on a criminal charge; and as none has been pointed out by Judge Watts, attorney as aforesaid; and as instructions upon the point requested may embarrass the mind of the witness, he being a Mexican, not understanding English; and as I do not hold that he has a right to protect himself upon the ground of disgrace, at this stage of the examination I refuse to give the instructions.

KIRBY BENEDICT,

Associate Justice, &c.]

Answer. On the night of the election I was woke up where I was sleeping, in my house, by Santiago Trujillo knocking upon my door. I asked, "Who is there?" Trujillo answered, "It is I; open the door, and light a candle." I opened the door, and lit the candle. Trujillo said, "Let us take these boxes, and go to Domingo Cubero's." We took the boxes, and carried them to Domingo Cubero's. Trujillo then said to Cubero, "Hand out those tickets." Cubero then asked Trujillo what he wanted of them; and Trujillo said, "I want them to put into these boxes." Cubero then asked Trujillo why he wanted to put the tickets into the boxes? Trujillo replied, "that he had been instructed by Don Rafael Armijo, not only to put these into the boxes, but five hundred or a thousand, and he would be responsible for it." Then Cubero consented, and said, "Then we will put them in, if Armijo is responsible." Cubero then put names upon the tickets, and a peon of his gave him the names of persons in El Pajo Elizario, and places below, and Trujillo doubled up the tickets. After about eighty tickets had been prepared, I got up to leave. At this point Trujillo had doubled and put into the box about eighty tickets. They then insisted that I should stay, and help to double the tickets. I did stay, until one hundred and eighty tickets, with names written upon them by Domingo Cubero, were put into the box. After these tickets were put into the box, Trujillo pulled out of his pocket a bunch of tickets, but I do not know how many there were—I suppose ten or fifteen, but not twenty—and put them into the box. Cubero asked Trujillo if these tickets were prepared with names upon them? Trujillo said, "Yes." Cubero did not write any names upon these. Trujillo and myself then left the house, and the boxes remained at the house of Cubero.

Second question. Since that time, has Trujillo talked with you upon this subject; and if so, what did he say?

Answer. He has not spoken a word to me, upon that subject, since that night.

Third question. Into what box were the tickets you refer to put; and if they were the ballot-boxes of the election on that day, please state?

Answer. They were put into one of the ballot-boxes used in the election upon that day.

Here the examination in chief closed; and Judge Watts, attorney for Otero, put the following questions, which were answered as written down:

First question. Did Trujillo, the person referred to in your evidence, go from Cubero's with you to your house, and there remain until the next morning?

Answer. He did.

Second question. Was there any conversation between you and Trujillo, from the time you left the house of Cubero until you arrived at your house, upon the subject of having put the tickets into the box?

Answer. There was none.

Third question. After Trujillo arrived at your house, did he leave until the next morning?

Answer. He did not leave until the next morning.

Fourth question. As you returned from Cubero's, did you not step in front of the house of Reyes Escontreas, and converse with Trujillo upon the subject of having put these tickets into the box?

Answer. I did not. My house was above Cubero's.

Fifth question. On your return from Cubero's to your house, did you meet and converse with Ignacio Orante, or not?

Answer. No.

Sixth question. At what hour did you arrive at home from the house of Cubero?

Answer. I do not know, though it was very late.

Seventh question. You have stated it was about ten o'clock when you left your house for Cubero's; now state how long you were at Cubero's preparing and putting in the tickets?

Answer. I think it was not less than two hours.

Eighth question. Did you remain from the 3d of September to the 1st of October last in the town of Mesilla?

Answer. I did.

Ninth question. How do you know the exact number of tickets put into the box at Cubero's; were they counted, or did you guess at it?

Answer. They were all counted except those which Trujillo took out of his pocket.

Tenth question. Did you, or not, state before the grand jury that but eighty upon which names were written by Cubero, and fifteen or twenty taken from the pocket of Trujillo, were put into the box?

Answer. I did.

Eleventh question. When, where, and to whom did you first communicate the fact that the tickets were fraudulently put into the ballot-box at the house of Cubero?

Answer. To Don Miguel Serrano, after the election. I do not remember the day. It was at my house.

Twelfth question. In your opinion, how many days was it after the election when you communicated to Miguel Serrano this fact?

Answer. It was within ten days after the election.

Thirteenth question. State to how many persons you have related the same circumstance, and give the names of the said persons.

Answer. I have communicated the same to Judge S. M. Baird, Cara Baca, Dolores Gallegos, and Manuel Vigil.

Fourteenth question. Did you go to them to make the communication, or did they solicit it from you?

Answer. It occurred in the midst of conversation with them.

Fifteenth question. Did you speak to either of said persons previous to the first of October, or has it been since that time?

Answer. I have spoken to them since the first of October, and not before.

Sixteenth question. Why did you conceal this matter until recently, and why have you so frequently spoken of it since the first of October?

Answer. I did not keep it secret, for I told it to Miguel Serrano, and since the first of October there has been a stir made about it.

Seventeenth question. How long after the first of October did the stir commence about this matter?

Answer. I do not know whether it was about the last of October or first of November. I was sick in bed.

Eighteenth question. Were you not informed before the first of October last that Santiago Trujillo had been charged with having put these tickets in the ballot-box, and that he had been arrested upon said charge by Eugeno Leonardo, and taken before Thomas J. Bull, justice of the peace in Las Cruces for trial?

Answer. Yes, I knew it.

Here the cross-examination closed, and then followed the re-examination, and the attorney (Baird) for Gallegos put the succeeding questions, the answers to which are as written:

First question. You have stated, upon your direct examination on the part of Gallegos, that one hundred and eighty tickets on which Cubero had placed names of persons were placed in the ballot-box at the house of Cubero; and in your cross-examination on the part of Otero, you state, that before the grand jury you stated that only eighty were so put in. Have you any explanation for this apparent contradiction; and if so, what is it?

Answer. The grand jury were mistaken. What I intended to be understood was, that there were eighty, only, put into the box when I was about to retire; but that afterwards the others, to the number of one hundred more, were put into the box, as I have stated heretofore.

MANUEL CANDELARIA.

Signed in presence of KIRBY BENEDICT.

Here the further examination was adjourned until to-morrow morning at nine o'clock.

KIRBY BENEDICT.

On this day, December 7, 1855, the examination was resumed at the time to which adjournment was made, and at the same place as

on yesterday, and in presence of the same parties. Marshal and interpreter also present.

Manuel Candelaria, upon application of S. M. Baird, attorney for Gallegos, was permitted to be recalled, and the following question propounded to him for his answer :

This was objected to by Judge Watts for Otero, as will appear by the paper hereto attached, marked "Morelos."

Question. For whom for delegate were the tickets put into the ballot-box by Cubero and Trujillo, and did they have any numbers upon them?

Answer. None were numbered, and they were for Otero.

[Paper referred to, marked "Morelos."]

S. M. Baird, agent for Gallegos, on this 5th day of examination (at La Mesilla) asks leave to recall Manuel Candelaria to propound the following question :

Question. For whom for delegate were the tickets put into the ballot-box by Cubero and Santiago Trujillo, and did they have any numbers on them?

These questions I forgot to ask on the direct and re-examinations.

S. M. BAIRD,
Agent for Gallegos.

John S. Watts, attorney for Otero, objects to the recall of this witness, because his examination occupied all of one day, and was fully closed by both parties and signed by the witness.

JOHN S. WATTS,
Attorney for Otero.

I shall exercise the discretion, in conducting the examination, to permit the attorney for Gallegos to put the above question to Candelaria, for him to answer. In conducting the examination, I mean taking the testimony, and observing rules touching similar cases.

KIRBY BENEDICT,
Judge &c.

Judge Watts now made application to put to said Candelaria the questions following, to be answered ; and no objections were made, as will appear by the paper hereto attached, marked "Durango."

First question. How many of the tickets referred to did you double and hand to Trujillo, to put in the box?

Answer. I cannot tell how many.

Second question. What induced you to tell Miguel Serrano of the putting in the ballot-box the tickets referred to by you in your evidence?

Answer. Because it came out in conversation about the election.

Third question. Were there any other persons present when the tickets were put in the box besides yourself, Cubero, and Trujillo; and if so, state who they were?

Answer. There was another person taken in by Cubero. Do not know whether he was a peon or not. I did not know him.

Fourth question. Did you not state, in your examination before the

grand jury, that the tickets taken from the pocket of Trujillo and put into the ballot-box were prepared with names and numbers on them?

Answer. I did not, for Trujillo took them out of his pockets doubled, and put them into the box, and told Cubero that they were already prepared.

MANUEL CANDELARIA.

Signed in presence of KIRBY BENEDICT.

[Paper referred to, marked "Durango."]

John S. Watts, attorney for Otero, proposes to ask the witness (Candelaria) this question, which was forgotten by him on yesterday: How many of the tickets referred to did you double and hand to Trujillo to put in the box?

Also this question, for the same reason: What induced you to tell Miguel Serrano of the putting in the ballot-box the tickets referred to by you in your evidence?

Also this question, for the same reason: Were there any other persons present when the tickets were put in the box besides yourself, Cubero, and Trujillo; and if so, state who they were?

Also this question, for the same reason: Did you not state, in your examination before the grand jury, that the tickets taken from the pocket of Trujillo and put into the ballot-box were prepared with names and numbers on them?

J. S. WATTS,
Attorney for Otero.

I do not object to the propounding of the written questions.

S. M. BAIRD,
Attorney for Gallegos.

Bartolo Madrid, being now present, was first duly sworn to testify the truth, the whole truth, and nothing but the truth, and upon his oath deposes and says, in answer to the questions to him propounded:

First question by S. M. Beard, for Gallegos, to Bartolo Madrid: Were you one of the clerks of the election of Mesilla at the last general election; and if so, state what you know about the poll-books first sent by the probate judge, and whether or not they were used at said election; and if not, why?

Answer. I was one of the clerks of said election. The poll-books sent by the probate judge, and brought by the sheriff, were not used in the election, because all of the columns were occupied by the names of candidates written in them. This was noticed by myself and others in the office of Reyes Escontreas; and, as we did not then know for whom the people wished to vote, and as the columns were all filled with names of candidates already, we did not use them, but they were sent back by Trujillo, as presiding judge of the election. On the day of the election Trujillo presented two other poll-books, with half of the columns occupied with the names of the party of Trujillo; the other half of the columns were left blank for the names of the candidates of the other party. I do not know whether these

books were modified or corrected by the judge of probate or not. I think the heading was in the handwriting of José Duran. These were the books used in the election.

Here the direct examination of this witness ended.

Judge Watts, for Otero, then put to the witness the following questions in cross-examination, which were answered as will appear written down:

First question. Were the poll-books used on the day of the election of American or Mexican paper?

Answer. It was ruled paper, but I do not know whether it was American or Mexican.

Second question. Were the sheets upon which the names of voters were written sewed together, or were they loose?

Answer. They were sewed together.

Third question. Were there two poll-books upon which all the names of the voters were written, or was there only one?

Answer. On one, all the names of the voters were written; the other was one of those sent by the judge of probate, and a part of the names only were written upon that, as it consisted of only two sheets of paper. I now recollect, upon having refreshed my memory, that the one upon which all the names were written was loose.

Fourth question. Was the poll-book upon which all of the names of the voters were written one of the poll-books sent to them by the probate judge, or was it not?

Answer. It was the book presented at the table by Santiago Trujillo. I do not know whether it had been amended or reformed by the judge of probate, or Trujillo. The poll-books as brought by the sheriff were not used.

Fifth question. Did Santiago Trujillo propose that the judges and clerks of the election should occupy a room by themselves and receive the tickets through a window? And if so, did the friends of Gallegos object to the proposition?

Answer. Trujillo made such a proposition, but the judges and clerks of the election, and also various other private persons, objected, because the election was a popular election, and they did not wish it held in secret, but publicly, so that all could see it. They then went out under the porch of Domingo Cubero, and held the election. I do not know whether the persons making the objection were friends of Gallegos or not.

Sixth question. As the tickets were handed in by the voters, were they opened and "cried out," and then registered, or were they put into the box and afterwards taken out, "cried out," and registered?

Answer. As the tickets were handed in, the president of the election took them and opened them, and "cried them out;" the number and registry was then made, the ticket again doubled and put into the box by the president, and were not taken out and counted by the judges and clerks.

Here the examination of Bartolo Madrid closed.

SAMUEL G. BEAN,

TERRITORY OF NEW MEXICO, }
County of Doña Ana. }

The depositions of Richard Campbell, Thomas J. Bull, Santiago Trujillo, and Miguel Serrano, taken before Kirby Benedict, associate justice of the supreme court of the Territory of New Mexico, at his

chambers in Las Cruces, on the sixteenth and seventeenth days of November, 1855, between the hours of six o'clock a. m. and six o'clock p. m. on said days, to be read in evidence in the contested election between Miguel A. Otero and José Manuel Gallegos, upon the part of Miguel A. Otero.

The said *Richard Campbell* is now sworn to speak the truth, the whole truth, and nothing but the truth, in the matter now under investigation, and upon his oath deposes and says :

First question. Who was acting as probate judge within and for the county of Doña Ana, in the Territory of New Mexico, at the time of, and previous to, the election of delegate to the Congress of the United States in 1855?

Answer. I was.

Second question. What preparatory steps, as probate judge, did you take for the purpose of holding said election at the precinct of La Mesilla, in said county?

Answer. I first gave public notice that an election would be held in said precinct on the third day (being the first Monday) in September, 1855, for the election of public officers and a delegate to Congress. I then appointed three judges of the said election, and sent them a written notice with two poll-books, in conformity with the statute.

Third question. By whom was the ballot-box of the said election of said precinct delivered to you as said probate judge, and in what condition did you receive it?

Answer. It was delivered to me by the principal judge (Santiago Trujillo) of said election, under a good lock, and as well locked as when I sent the same to the judges. There was also a paper pasted over the small hole designed for the putting through of ballots. There was also returned with this box another, well nailed up; this last I had not sent to the judges. The first box was full of tickets, and the other, which had been prepared in said precinct, also contained tickets.

Fourth question. How many, if any, poll-books were returned to you?

Answer. I received one of their own making out, and a part of one of the books which I had sent; this last had about thirty names registered upon it, and the other contained four hundred and one.

Fifth question. In whose presence did you open said boxes and count the votes?

Answer. In presence of James A. Lucas, probate clerk, Samuel Bean, sheriff, and also Thomas Bull, justice of the peace, who was present by my request.

Sixth question. Are these the boxes which contained the tickets?

Answer. They are.

Seventh question. On counting the tickets, how many were found in said boxes in favor of Otero, and how many in favor of Gallegos?

Answer. I do not remember.

Eighth question. Please open said boxes, count the tickets, and state the result?

Answer. I have opened the boxes and counted the tickets, and find that Otero has two hundred and sixty-seven, (267,) and that Gallegos has three hundred and thirty (330.)

Ninth question. After said boxes were delivered to you, in whose hands did they remain while you were in office, and to whom did you deliver them when you went out of office.

Answer. They remained in my hands while I remained in office; and when I went out, I turned them over into the hands of Don Pablo Melindez.

Tenth question. Have there been any tickets added to said boxes since they were delivered to you?

Answer. No, not one.

Eleventh question. Was there any judicial action had by you, as probate judge, relative to the legality of the vote in La Mesilla? and if so, state if the paper now presented to you contains a true copy of that action, and which paper is marked Exhibit A.

Answer. Judicial action was had; and the paper presented is a true copy of the record thereof.

Here the examination of Richard Campbell closed.

R. CAMPBELL.

In the presence of KIRBY BENEDICT, *Judge.*

Thomas J. Bull, being duly sworn, deposes and says, in answer to questions by John S. Watts, attorney for Otero:

First question. Were you present when the ballot-boxes of La Mesilla were delivered by the presiding judge of probate, Richard Campbell, to Don Pablo Melindez; and if so, in whose hands have they since remained?

Answer. I was present when the office was turned over to Don Pablo. I did not see the boxes in particular delivered. Don Pablo gave me the key, and, so far as I know, the things remained there about one month afterwards. I took the boxes and brought them to my house, where they have since been.

Second question. Have any tickets been added to the boxes since they have been in your care?

Answer. There were none added during that time.

Third question. Were you present on this day during the counting of the ballots in the La Mesilla boxes; and if so, please state the result of the count?

Answer. I was present, and there were found to be two hundred and sixty-seven (267) tickets for Otero, and three hundred and thirty (330) tickets for Gallegos.

Fourth question. Were you present when the ballot-boxes were delivered by Santiago Trujillo to Judge Campbell; and if so, in what condition were they?

Answer. I was present; and, to the best of my recollection, they were sealed.

Here the examination of Thomas J. Bull closed.

THOMAS J. BULL.

In presence of KIRBY BENEDICT, *Judge.*

Santiago Trujillo, being duly sworn, upon his oath deposes and saith, in answer to questions by John S. Watts, attorney for Otero:

First question. Were you present on the first Monday of Septem-

ber, 1855, at the precinct of La Mesilla, in the county of Doña Ana, when an election was held for delegate to the Congress of the United States and other officers ; and if so, in what capacity did you act ?

Answer. I was present, and was a judge of the election.

Second question. How long did the polls remain open, and the people continue to vote ?

Answer. Until about one hour after sunset.

Third question. Were the names of the voters registered as the votes were handed in, or was the registration done on the next morning ?

Answer. Some were registered as handed in, and others not, owing to the great crowd of voters pressing forward to put in their votes.

Fourth question. After the election closed, who took charge of the ballot-boxes, and in whose hands did they remain ?

Answer. I took them into my care, and carried them to the house of Manuel Candelaria, where I slept.

Fifth question. Were there any ballots or tickets during the time the said boxes were in your care put into the said boxes, or either of them, by yourself or by any other person ?

Answer. There were none.

Sixth question. To whom did you deliver those boxes after the election was over, and in what condition ?

Answer. On the day after the election I delivered them, sealed with paper, to Richard Campbell.

Seventh question. Was Cristobal Escarate present on the day of said election ; and if so, was he either a judge or clerk of the same ?

Answer. He was present, but was neither judge nor clerk.

Eighth question. What did you see him doing in relation to the election ?

Answer. He took hold of some tickets as handed by voters, and wrote thereon the name and number of the voter and tickets, in conformity with the number on the poll-book. I requested him not to interfere ; and he replied, that he did so to expedite the election.

Ninth question. Were said tickets handed by Escarate to the judges, and by them put into the ballot-boxes ?

Answer. They were.

Here the examination of Santiago Trujillo closed.

SANTIAGO TRUJILLO.

In the presence of KIRBY BENEDICT, *Judge.*

Miguel Serrano, being duly sworn, deposeth and saith :

Questions by John S. Watts, attorney for Otero :

First question. Were you present at the precinct in La Mesilla, in the county of Doña Ana, on the 3d day of September, 1855, when an election was held for delegate to Congress and other officers ?

Answer. I was.

Second question. How long did the polls remain open, and the people continue to vote ?

Answer. About an hour, or a little less.

Third question. Was the election held within or without a house ?

Answer. Without.

Fourth question. When the voting was done, was the crowd of persons large, or small?

Answer. Large.

Fifth question. Did you see, during the day, any votes placed in the ballot-box which were not registered?

Answer. I did not.

Sixth question. Did you see any tickets handed to the judges by persons not voters, and by the judges placed in the ballot-box?

Answer. I did not.

Seventh question. Were you present at the table where the voting was done, or were you moving about during the day in other parts of the town?

Answer. I was not present, during the whole day, at the table, but passing around the town.

Eighth question. Did you come from La Mesilla with the ballot-boxes when brought by Santiago Trujillo to Judge Campbell; and if so, were any tickets put into the boxes, or either of them, on the route?

Answer. I did come with Trujillo, and no tickets were put in upon the route.

Here the examination of Miguel Serrano closed.
