AMOUNT DUE THE CHOCTAWS.

LETTER

FROM

THE SECRETARY OF THE INTERIOR,

TRANSMITTING

A statement showing what amount is due the Choctaw Indians.

MAY 10, 1860.—Laid upon the table, and ordered to be printed.

DEPARTMENT OF THE INTERIOR, *May 8, 1860.*

SIR: In compliance with the resolution of the Senate, adopted March 9, 1859, I have caused an account to be stated showing what amount is due the Choctaws, according to the principles of settlement prescribed in said resolution, and have now the honor to report the same to the House of Representatives.

Very respectfully, your obedient servant,

J. THOMPSON,
Secretary.

HON. WM. PENNINGTON,
Speaker of the House of Representatives.

DEPARTMENT OF THE INTERIOR,
Office of Indian Affairs, March 22, 1860.

SIR: The following recited preamble and resolutions adopted by the Senate of the United States on the 9th of March, 1859:

“Whereas the eleventh article of the treaty of June 22, 1855, with the Choctaw and Chickasaw Indians provides that the following questions be submitted for decision to the Senate of the United States, ‘first, whether the Choctaws are entitled to or shall be allowed the proceeds of the sale of the lands ceded by them to the United States by the treaty of September 27, 1830, deducting therefrom the costs of their survey and sale and all just and proper expenditures and payments under the provisions thereof; and, if so, what price per acre shall be allowed to the Choctaws for the lands remaining unsold, in order that a final settlement with them may be promptly effected,’ or, ‘second, whether the Choctaws shall be allowed a gross sum in further and full satisfaction of all their claims, national and individual, against the United States; and, if so, how much.’

“Resolved, That the Choctaws be allowed the proceeds of the sale of such lands as have been sold by the United States on the first day of January last, (1859,) deducting therefrom the costs of their survey and sale and all proper expenditures and payments under said treaty, excluding the reservations allowed and secured, and estimating the scrip issued in lieu of reservations at the rate of one dollar and twenty-five cents per acre; and, further, that they be also allowed twelve and a half cents per acre for the residue of said lands.

“Resolved, That the Secretary of the Interior cause an account to be stated with the Choctaws, showing what amount is due them according to the above prescribed principles of settlement, and report the same to Congress.”

Having been referred by you to this office on the nineteenth day of the same month, (March, 1859,) measures were at once adopted to collect the information necessary to state the required account with all possible exactitude.

The General Land Office was called upon for the quantity of lands embraced by the quality of lands embraced by the Choctaw cession of 1830, the cost of their survey and sale, the quantity thereof sold up to the 1st day of January, 1859, and the amount of money received therefor, together with the quantity embraced in the “reservations allowed and secured.”

The treaty of 1855 uses the words “lands remaining unsold,” while the resolution says “residue.” If, by the expression just quoted, is meant “lands undisposed of,” the amount would be reduced, inasmuch as 2,292,776 acres have been disposed of by Congress under the swamp land act and grants for railroad and school purposes. The payments and expenditures under the different provisions of the treaty of 1830, it was assumed, and could be ascertained with most certainty from the original accounts and vouchers thereof, which being on file in the office of the Second Auditor of the Treasury, that officer was requested to furnish that portion of the information. That in reference to “the scrip issued in lieu of reservations,” the amounts to “orphans for reservations,” a portion of the payments for removal and subsistence, have been collected from the records of this office.

From the information thus carefully collected the required account has been stated, and it is herewith transmitted.

Though made up on a somewhat different basis it will be seen that the result of this account does not differ materially from that of the approximate statement contained in the elaborate report made to you from this office on the 15th of May, 1858, in answer to a series of queries from the Committee on Indian Affairs of the Senate, said statement showing a balance of \$2,993,720 18, while that of the present account is \$2,981,247 30.

It is to be observed that under the second article of the treaty of 1830 a patent was issued to the Choctaws for the country west of Arkansas, estimated to contain 15,000,000 acres; subsequently, the Chickasaws, with the consent of the United States, purchased a portion of this tract at \$530,000, which the United States paid out of the trust fund belonging to the Chickasaws, with the exception of \$30,000 paid in the manner directed by the third article of the articles of

convention and agreement between the Choctaws and Chickasaws, concluded the 17th of January, 1837. Under the treaty of 1855 the Choctaws leased a portion of their country, for which the United States paid the sum of \$600,000. If these sums are to be regarded as payments under the treaty of 1830, the amount due the Choctaws will be \$1,851,247 30.

I submit with the account, for the information of yourself and Congress, copies of the reports of the Commissioner of the General Land Office and Second Auditor, marked A and I, and of the supplementary and additional statements prepared in this office, marked B, C, D, E, F, G, and H, in triplicate, which exhibit the data from which the account has been made up and stated; also, in triplicate, an abstract from statement made by the Second Auditor, under resolution of the Senate of 10th March, 1853, of payments for Choctaw account under same treaty, marked D.

The preamble and resolutions of the Senate referred to above are herewith returned.

Very respectfully, your obedient servant,

A. B. GREENWOOD,
Commissioner.

Hon. J. THOMPSON,
Secretary of the Interior.

TREASURY DEPARTMENT,
Second Auditor's Office, February 1, 1860.

SIR: In compliance with the terms of your letter of November last, and the letter of Acting Commissioner Mix of the 26th of March last, I have the honor to transmit herewith "a statement of expenditures and payments under the treaty of 1830, with the Choctaws."

You will perceive that the present statement, so far as relates to the objects stipulated for under sundry articles of the treaty, is based on the synopsis presented in your letter of the 14th of November last, as a guide for conducting the process of examination in this office.

I trust that the information now furnished—taken in connexion with that heretofore supplied—as seen in Senate Executive Document No. 64, second session of 33d Congress, and that which may be ascertained from the record of the Indian Bureau, will complete the chain required in this branch of inquiry.

I make no reference in this letter to any part of the data supplied by this statement, as to *specific or aggregate amounts*—the statement and recapitulation being deemed sufficiently explicit.

I will only remark that, under the head of "Outfit for captains," the amount does not include the cost of 99 swords, furnished the Choctaws, as the price was not designated in the vouchers, but the price fixed by the regulations of the War Department at that time appears to have been \$4 25 each.

I have the honor to be, very respectfully, your obedient servant,

T. J. D. FULLER,
Second Auditor.

Hon. A. B. GREENWOOD,
Commissioner, &c., &c.

DEPARTMENT OF THE INTERIOR,
General Land Office, March 21, 1860.

SIR : A tedious and laborious investigation was necessary to obtain the information requested in the letter addressed to this office by the Acting Commissioner of Indian Affairs on the 26th March, 1859, and which I have now the honor to communicate as follows :

1st. According to the plats of survey on file in this office, the whole number of acres of land embraced in the cession made by the Choctaws in the treaty of September 27, 1830, 10,423,139 acres.

2d. The portion thereof which had been sold by the United States on the 1st day of January, 1859, is 5,912,664.63 acres.

3d. The cost of "surveying" and "selling" merely, not including annuities, &c., of these particular lands, as stated in a report made to your office on the 1st of May, 1858, is ten cents per acre.

4th. "The aggregate amount received for this portion so sold," \$7,556,568 05.

5th. The quantity of land contained in all the "reservations allowed and secured" under the provisions of said treaty, is 334,101.02 acres.

I am, sir, very respectfully, your obedient servant,

JOSEPH S. WILSON,
Commissioner.

Hon. ALFRED B. GREENWOOD,
Commissioner of Indian Affairs.

OFFICE INDIAN AFFAIRS, March 22, 1860.

NOTE.—It is to be observed that under the 2d article of the treaty of 1830 a patent was issued to the Choctaws for the country west of Arkansas, estimated to contain 15,000,000 acres. Subsequently the Chickasaws, with the consent of the United States, purchased a portion of this tract at \$530,000, which sum the United States paid out of the trust fund belonging to the Chickasaws. Under the treaty of 1855 the Choctaws relinquished all their right to that portion of said tract west of the 100th meridian and leased that portion between the 98th and 100th degree of west longitude, for which the United States paid the sum of \$600,000. If these sums are to be regarded as "payments under the treaty" of 1830 the amount due the Choctaws will be \$1,851,247 30.
