LETTER
OF THE
SECRETARY OF THE INTERIOR,
COMMUNICATING,

In compliance with a resolution of the Senate of the 15th instant, a statement of the tracts of land selected by members of the Grand River band of the Ottawa and Chippewa Indians, under treaty of July 31, 1855.

JANUARY 26, 1869.—Referred to the Committee on Indian Affairs and ordered to be printed.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., January 26, 1869.

SIR: I have the honor to acknowledge the receipt of Senate resolution of the 15th inst., "that the Secretary of the Interior be requested to communicate to the Senate a statement of the tracts of land selected by members of the Grand River band of the Ottawa and Chippewa Indians under the treaty with those tribes of July 31, 1855, with the lists of the names of such Indians of said Grand River band as were under said treaty entitled to land, with the date of making out said lists, and the date at which such selections were made; and also a full list of the names of persons belonging to said Grand River band to whom patents have been issued, and whether, and at what time, said patents were actually delivered to the respective patentees; and also whether any and what tracts of land lying within the several townships withdrawn from sale for the use of said Grand River band have been sold to persons other than members of said band, with the date of such sales;" and, in reply, I herewith enclose a copy of a communication from the Commissioner of Indian Affairs, to whom said resolution had been referred for report, with accompanying list of the names of the several members of the Grand River bands of Ottawa and Chippewa Indians, to whom lands have been allotted under treaty of July 21, 1855, with a description of the lands thus allotted, which contain all the information in possession of this department called for by said Senate resolution of the 15th instant.

Very respectfully, your obedient servant,

O. H. BROWNING, *Secretary.*

Hon. B. F. WADE,

President of the United States Senate pro tempore.

DEPARTMENT OF THE INTERIOR, OFFICE OF INDIAN AFFAIRS,
Washington, D. C., January 23, 1869.

SIR: I have the honor to acknowledge the receipt, by reference from you, of a resolution of the United States Senate, adopted on the 15th inst., calling for "a statement of the tracts of land selected by the members of the Grand River band of the Ottawa and Chippewa Indians, under the treaty with those tribes of July 31, 1855, with the lists of the names of such Indians of said Grand River band as were, under said treaty, entitled to land, with the date of making out said lists, and the date at which such selections were made; and also a full list of the names of persons belonging to said Grand River band to whom patents have been issued, and whether and at what time said patents were actually delivered to the respective patentees; and also whether any and what tracts of land lying within the several townships, withdrawn from sale for the use of said Grand River band, have been sold to persons other than members of said band, with the date of such sales;" upon which you direct a report from this office.

I enclose herewith a list showing the names of the several members of said Grand River band of Ottawa and Chippewa Indians who, under the treaty aforesaid, were entitled to and have received selections of lands, and the descriptions and quantity of said lands. The selections were reported to this office by late United States Indian Agent D. C. Leach, under date of January 15, 1863, but the precise date at which the lists and selections were made I am unable to state. No patents have been issued to said Indians, but on the 9th of April, 1864, this office transmitted to Agent Leach three volumes of certificates, showing the lands selected for each of said Indians, to be dated and signed by said agent and delivered to the parties entitled to the same. This office is unable to state the dates of the certificates or the time at which they were delivered, not being in possession of any information from the agent upon those points.

No "persons other than members of said Grand River band," so far as is known to this office, have been permitted to purchase any of the lands within the several townships withdrawn from sale for the use of said band. I return the resolution referred to herewith.

I have also received, by reference from you, a letter to yourself from Hon. J. M. Howard, of the United States Senate, requesting a statement of any other material facts connected with the rights or claims of said Indians which may not be referred to in said resolution.

The first article of the treaty of July 31, 1855, with the Ottawas and Chippewas (Stat. at Large, vol. 11, page 622,) provides for allotting in severalty to each member of the tribe being the head of a family 80 acres of land; and to each single person over 21 years old, 40 acres; and to each family of orphan children under the age of 21 years containing two or more persons, 80 acres; and to each single orphan child under the age of 21 years, 40 acres of land.

Under the foregoing provision the late H. S. Gilbert, at that time agent for said Indians, on the 14th of April, 1857, reported to this office a list of selections of lands for the Indians entitled thereto, but upon examination thereof the descriptions were found to be defective, and the list was therefore referred to the successor of Mr. Gilbert, late Agent Fitch, who made ineffectual efforts during his incumbency of the agency to correct the same. Subsequently the list was referred to late Agent Leach, who, finding it impracticable to correct the same, reported the fact to this office, whereupon the selections made by Mr. Gilbert were set aside, and Mr. Leach was directed to make new selections, which he did, and which he reported to this office on the 15th of January, 1863, as before stated.

That list required some corrections which were subsequently made, but the last list of selections for the Ottawas was not transmitted to this office until the 16th of February, 1866, though the same article of the treaty provides "that such lists shall be made and closed before the first day of July, 1856, and thereafter no applications for the benefit of this article will be allowed."

The certificates issued, as before stated, contain the prohibition against the sale or transfer of the lands as contemplated by the treaty.

The article referred to also provides that "after the expiration of ten years, such restrictions on the power of sale shall be withdrawn and a patent shall be issued in the usual form to each original holder of a certificate for the land described therein, provided that such restriction shall cease only upon the actual issuing of the patent." As has already been stated, no patents have been issued under the foregoing provision.

The same article also provides that "all lands embraced within the tracts hereinbefore described, that shall not have been appropriated or selected within five years, shall remain the property of the United States, and the same shall thereafter, for the further term of five years, be subject to entry in the usual manner and at the same rate per acre as other adjacent public lands are then held, by Indians only."

Attempts have from time to time been made by Indians to enter lands under the foregoing provision, but upon it being charged by the agent for said Indians that white men were using the Indians in order that they might themselves get possession of the lands, this office, on the 2d of December, 1864, requested the General Land Office to direct a suspension of entries, and the right to purchase said lands has only been accorded in some two or three cases, which have been made special.

In a case submitted to you with a report dated February 27, 1868, after referring to the delay in completing the allotments, it was stated as follows:

"It would seem but just and a right the Indians but properly claim that an extension of right of entry be granted them, equal to that of the aforesaid suspension. It is therefore respectfully suggested and recommended that inasmuch as the treaties (that above referred to, and that with the Chippewas of Saginaw, Swan creek, and Black river) contain provisions in this respect for the Indians, and of which a majority have been debarred the right by the ruling of the department, a date in the future be fixed until which time all the Indians entitled may avail themselves of the privileges extended by the treaties, inclusive of the entries already made by them."

In reference to the cases which were the subject of the report above referred to, you, on the 9th of May last, transmitted to this office a copy of a letter written by you to the General Land Office the day previous, in which you, after directing the entries referred to in the report to be allowed, decided as follows:

"The first article of the treaty providing that the lands embraced within the tracts thereinbefore described, remaining unappropriated or unsold to the Indians within the specified term mentioned, may be sold or disposed of by the United States, as in the case of all public lands, and the term having expired, no further entries will be allowed until after said lands shall have been restored upon due notice, and you will take the usual measures for that purpose."

I also return the letter from Senator Howard herewith.

Very respectfully, your obedient servant,

N. G. TAYLOB, *Commissioner.*

Hon. O. H. BROWNING,
Secretary of the Interior.

A list showing the names of the several members of the Grand River bands of Ottawa and Chippewa Indians to whom lands have been allotted under the treaty of July 31, 1855, with a description of the lands thus allotted, said allotments having been reported to the office of Indian Affairs by D. L. Leach, esq, United States Indian agent, on the 15th of January, 1863.
