FROM

THE SECRETARY OF THE INTERIOR,

TRANSMITTING

A remonstrance of leading men of the Osage Nation against the establishment of a territorial government over the Indian country.

JUNE 17, 1876.—Referred to the Committee on Indian Affairs and ordered to be printed.

DEPARTMENT OF THE INTERIOR,
Washington, June 16, 1876.

SIR: I have the honor to transmit herewith a protest of the leading men of the Osage Nation against the establishment of a territorial government over the Indian country, addressed to the Senate and House of Representatives, together with copy of letter, dated the 15th instant, from the Commissioner of Indian Affairs, forwarding the same to the Department.

Very respectfully, your obedient servant,

Z. CHANDLER,
Secretary.

The PRESIDENT OF THE SENATE.

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
Washington, June 15, 1876.

SIR: I have the honor to transmit herewith a petition or protest of the leading men (as stated by the United States agent, Cyrus Beede) of the Osage Nation, against the establishment of a territorial government over the Indian country, addressed to the honorable Senate and House of Representatives, and respectfully suggest that it be forwarded to Congress.

Very respectfully, your obedient servant,

J. Q. SMITH,
Commissioner.

The Hon. the SECRETARY OF THE INTERIOR.

OSAGE AGENCY, INDIAN TERRITORY,
Fifthmonth 30, 1876.

I inclose herewith a protest, signed by the leading men of the Osage Nation, against the establishment of a territorial government over the Indian country, which they request forwarded as early as practicable.

Very respectfully,

CYRUS BEEDE,
United States Indian Agent.

WILLIAM NICHOLSON,
Superintendent Indian Affairs, Lawrence, Kans.

To the honorable Senate and House of Representatives in Congress assembled, Washington, D. C. :

We, your petitioners, chiefs and headmen of the Osage nation of Indians, resident in the Indian Territory, learn with some alarm of the introduction of several bills into Congress for the establishment of a territorial form of government over the Indian country, heretofore guaranteed by treaties to the peaceable possession of the various Indian tribes resident therein forever, most of whom hold their titles in fee-simple by patent of the United States, or by purchase of grantors holding such patents, which purchases have been confirmed by act of Congress. We entertain grave fears that the introduction of these bills is in the interest of extensive railroad corporations, for the purpose of securing land-grants contingent upon the extinction of the Indian title. We fear that the establishment of a territorial government over our country would be regarded as but the stepping-stone to opening up the same to settlement by citizens of the United States and consequent extinction of the Indian title. In fact we have grave apprehensions that the establishment of a duly-organized territorial government would be regarded by the courts as conferring, under existing laws, the rights to citizens to settle upon the unoccupied lands thereof. This we feel would be a grievous wrong upon the Indians, the rightful owners of the soil by purchase; a wrong committed by a great Government upon a weak people in violation of its solemn treaties; a wrong which, in itself, seems almost to determine our future existence as a people. We cannot believe that the Government of the United States, our assumed guardian and protector, will perpetrate this wrong upon us, and for these and other reasons we do most earnestly protest against the establishment of a territorial government over the Indian country.
