By the act to provide for the opening of alleys in the District of Columbia.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Commissioners of the District of Columbia be, and they are hereby, authorized to condemn, open, extend, widen, or straighten alleys in the District of Columbia upon the presentation to them of the plat of the alley to be condemned, opened, widened, extended, or straightened, accompanied by a petition of the owners of more than one-half of the real estate in the square in which such alley is sought to be opened, widened, extended, or straightened, or when the Commissioners of the District of Columbia shall certify that the preservation of peace, good order, and public morals require that any such alley should be opened, extended, widened, or straightened; or when the health officer of said District shall certify that such opening, extension, widening, or straightening of an alley is necessary for the public health: Provided, That in the opening, extension, widening, or straightening of an alley it shall be lawful to close any original alley, or part of an original alley, the fee of which is in the United States, which may thereby become useless or unnecessary; and that it shall also, in like manner, be lawful to close any other alleys or parts of alleys, the title thereto to revert to the person or persons who dedicated the same for alley purposes, or to their assigns.

SEC. 2. That it shall be the duty of the surveyor of said District, as soon as may be thereafter, to distinctly mark off such alley in the manner in which it may be designated in the petition thereto and make out triplicate plats of such alley showing its courses and boundaries and the quantity in square feet which may be taken from the lots or
parts of lots in the square by the opening, extending, widening, or straightening thereof, and showing also the alley or part of alley to be closed, if any, and the lots or parts of lots to which the land contained in such closed alley is to be annexed; one of which plats shall be deposited with the recorder of deeds of said District to be filed amongst the records of his office, another kept in the office of the surveyor of said District, and one filed in the office of the Commissioners of the District of Columbia.

SEC. 3. That in the opening, extension, widening, or straightening of an alley as herein provided for it shall be lawful for the Commissioners of the District of Columbia to close any alley or part of an alley thereby rendered useless or unnecessary, the fee to which is in the United States, by entering into an agreement with the owners of the lots or parts of lots contiguous thereto for the purchase by them of the land contained in said alley sought to be closed, at a price to be agreed upon by the said Commissioners and said owners, which price shall not be less per square foot than the assessed value per square foot of the contiguous lots; said agreements to be in duplicate, one of which shall be filed in the office of the recorder of deeds and the other in the office of the Commissioners of the District of Columbia, and the sums so agreed to be paid shall be assessed severally against the lots or parts of lots to which the land so purchased shall be annexed, such assessments to bear interest at the rate of ten per centum per annum until paid, and shall be collected as other taxes are collected: Provided, however, That the Commissioners of the District of Columbia may, in their discretion, sell and convey the land contained in the alley to be closed for cash to any person or persons. SEC. 5. That the said jury shall appertain an amount equal to the amount of said damages so ascertained and appraised as aforesaid, including six dollars for the services of said marshal and sixty dollars for the services of said jury, according as each lot or part of a lot of land in such square may be benefited by the opening, widening, extending,
or straightening such alley: *Provided, however,* That in cases provided for in section two of this act the sums paid or agreed to be paid for the land contained in any alley or part of alley to be closed, shall first be deducted from the amount of benefits so to be assessed; and they shall make due return of such apportionment to the recorder of deeds and to the Commissioners of the District of Columbia, in which they shall designate each lot or part of a lot of land in such square so benefited, and the amount so apportioned to each, respectively; and, in case of failure to pay the amount so apportioned, it shall be the duty of the collector of taxes to levy a tax upon each said lot or part of a lot of land, in accordance with such apportionment, and to collect the same as other taxes upon real estate are collected; and said assessment shall bear interest at the rate of ten per centum per annum until paid.

SEC. 6. That the said marshal shall give or cause to be given at least ten days' written or printed notice of the time and place of the meeting of such jurors for the purposes aforesaid to each proprietor of land in the square designated as the location of such alley. If the proprietor be a resident of the District of Columbia the notice shall be served by delivering a copy thereof to him or her personally, or leaving it at the usual residence with some person over ten years of age. If the proprietor be a nonresident the notice shall be served by delivering a copy thereof to his or her tenant or agent, or depositing it in the post-office at Washington City, inclosed in a post-paid envelope, which shall be addressed to the proprietor at his or her post-office address. If the proprietor or proprietors be under twenty-one years of age the notice shall be served as hereinbefore provided upon the guardian or parent of such minor or minors. A return of such service and the manner thereof shall be made by the marshal to the Commissioners of the District of Columbia, and shall be filed among the records of said District.

That all alleys opened or extended in the City of Washington since June thirtieth, eighteen hundred and seventy-one, under an ordinance of the late corporation of Washington approved November fourth, eighteen hundred and forty-two, are hereby made valid: *Provided,* That nothing in this act shall affect the rights of parties to suits now pending in such cases.

SEC. 8. That all alleys or parts of alleys heretofore closed by subdivision, with the approval of the Commissioners, shall remain unaffected by this bill.

SEC. 9. If any moneys from the sale of land in which the United States is interested shall remain after carrying out the provisions of the preceding sections of this act, such moneys shall be paid into the Treasury of the United States, by the Commissioners of the District of Columbia.

SEC. 10. That all acts or parts of acts inconsistent with the provisions hereof are hereby repealed

By the act to authorize the Secretary of the Interior to carry into effect certain recommendations of the Mission Indian commission, and to issue patents for certain lands.

Whereas the act approved January twelfth, eighteen hundred and ninety-one, entitled "An act for the relief of the Mission Indians in the State of California," made it the duty of the commissioners therein authorized to be appointed "to select a reservation for each band or village of the Mission Indians residing within said State, which reservation shall include, as far as practicable, the lands and villages which have been in the actual occupation and possession of said Indians, and which shall be sufficient in extent to meet their just requirements;" and

Whereas said commissioners were authorized to appraise the value of the improvements belonging to any person to whom valid existing rights had attached under the public-land laws of the United States, where such improvements were situated within the limits of any reservation selected by the commissioners, subject to the approval of the Secretary of the Interior; and

Whereas it was further provided in said act that, in case any land should be selected to which any railroad company should be entitled to receive a patent, such railroad company should, upon releasing all claim and title thereto and on the approval of the President and Secretary of the Interior, be allowed to select an equal quantity of other land in lieu thereof; and

Whereas no provision was made whereby lands claimed by private persons through titles derived or sought to be derived from railroad companies or other sources than the public-land laws could be so released and exchanged; and

Whereas the commissioners appointed under said act have reported, among other things, that certain lands are in the occupation of Indians and are needed for their use which certain persons have improved, and on which they have developed valuable water rights, expecting to obtain title from the railroad companies or to which they had obtained title from the State of California, and that said persons are willing to exchange said lands for other lands heretofore reserved for
the use of the Mission Indians, but which lands are no longer needed for such purpose; and

Whereas the report and recommendations of said commissioners have been approved by the Secretary of the Interior and the President, "except so much thereof as relates to the purchase of lands from and exchange of lands with private individuals which is also approved subject to the condition that Congress shall authorize the same."

Therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior be, and he hereby is, authorized and empowered to carry into effect the recommendations of the said Mission Indian commissioners relating to the exchange of lands with private individuals, as the same has been approved by the President, and to cause patents in the usual form to issue for the lands recommended to be given to such individuals in exchange for lands and improvements released and relinquished for the use of the Indians.

SEC. 2. The President is authorized to appoint a board of engineers to consist of seven members, of whom three shall be from civil life, whose duty it shall be to thoroughly examine the obstructions to navigation in the Columbia River, in that portion from the navigable waters thereof below Three Mile Rapids to the navigable waters above the Celilo Falls, and report as soon as they conveniently can to the Secretary of War such plan for overcoming or removing said obstructions as in their opinion is most feasible, and best adapted to the necessities of commerce, together with a statement as to the usefulness of such improvement to navigation, its relation and value to commerce and the most desirable location therefor, the cost of construction and of the right of way, including the necessary land therefor, being considered. They shall also report the details of such plans, with estimates of its cost. The sum of $20,000 is appropriated to defray the cost of such examination and survey and the expenses of said board.

Total estimated revenues for fiscal year 1893: $353,836,500.44
Includes $889,753.50 for the Weather Bureau heretofore appropriated for under the War Department in sundry civil act.

b One-half of the amount for the District of Columbia payable by the United States, except amounts for the water department (estimated for 1893 at $403,939.46), which are payable from the revenues of the water department.

c Includes special appropriations for ratifying agreements, together with $2,991,450 payment to the Choctaw and Chickasaw Nation of Indians; in all, $6,617,740.75.

d Includes all expenses of the postal service payable from postal revenues and out of the Treasury.

e No estimate is included in the "annual estimates for the public service" for rivers and harbors for 1893. "The amount that can be profitably expended" in that fiscal year, as reported by the Chief of Engineers, is $546,064.30. (Book of Estimates, 1893, pages 282-288.)

f No general river and harbor appropriation act was passed for 1892, but an appropriation of $1,000,000 for the improvement of the Mississippi River was made by joint resolution approved March 3, 1892, and appropriations amounting to $1,951,200 for the improvement of certain harbors and rivers were included in the sundry civil act, making in all for 1892, $2,951,200.

g This amount is approximated.

h This amount includes $7,074,332 for pensions for the fiscal year 1892.

i This amount includes $29,335,598.34 for pensions for the fiscal year 1892, $1,000,000 to carry on work on the new naval vessels heretofore authorized by Congress, and $1,304,404.46 for payment of French spoliation claims.

j This amount includes the specific appropriation of $500,000 made by the act to refund direct taxes, but does not include the indefinite appropriation made by said act, nor the indefinite appropriation of the proceeds of the sale of the old custom-houses in New York (required to be sold for not less than $4,000,000) toward the construction of a new custom-house in that city.

k This is the amount originally submitted to Congress by the Secretary of the Treasury as estimated to be necessary under permanent specific and indefinite appropriations.
