IN THE SENATE OF THE UNITED STATES.

DECEMBER 14, 1893.—Ordered to be printed.

Mr. MANDERSON (on behalf of Mr. DAVIS), from the Committee on Military Affairs, submitted the following

REPORT:

[To accompany S. 743.]

The Committee on Military Affairs, to whom was referred the bill (S. 743) for the relief of the citizens of the States of Oregon, Idaho, and Washington, who served with the United States troops in the war against the Nez Percés and Bannock and Shoshone Indians, and for the relief of the heirs of those killed in such service, having duly considered the same, respectfully report:

This bill is identical in terms with the amended bill before the committee at the last Congress, and which, as amended, received the favorable report of the committee. That report, hereto annexed, is readopted and the passage of the bill is recommended.

## Senate Report No. 559, First session, Fifty-second Congress.

The Committee on Military Affairs, to whom was referred the bill (S. 876) for the relief of the citizens of the States of Oregon, Idaho, and Washington, who served with the United States troops in the war against the Nez Perces, Bannock, and Shoshone Indians, and for the relief of the heirs of those killed in such service, and for other purposes, having duly considered the same, respectfully report.

A bill similar in its provisions was introduced in the Forty-eighth, Forty-ninth, and Fiftieth Congresses, but no action by Congress seems to have been taken thereon.

The object of this bill is to provide compensation for those persons who performed military service in conjunction with the United States troops during the Nez Perces, Bannock, and Shoshone Indian wars in Oregon, Washington, and Idaho in 1877-'78, who furnished supplies to said troops, who lost horses therein, who were wounded, and for the heirs of those who were killed in battle.

The act of Congress approved March 3, 1881 (U. S. Stat., Vol. 21, p. 641), provided for the relief only of those citizens of Montana who served in conjunction with the United States troops in the wars of 1877-'78 with the Nez Perces, no provision being made therein for citizens of Oregon, Washington and Idaho who served in the same wars.

From sundry correspondence, attached to and submitted with this report, it will be seen that the volunteers provided for in the bill now under consideration served with the regular troops of the U. S. Army under the command of Gen. O. O. Howard, U. S. Army, in said wars, and the omission to provide for them in the Montana act must have been an oversight. The amended bill herewith reported, seeks to do equal justice to those volunteers not included or provided for in said act, and thus place them all on an equal footing.

The bill as introduced, however, gives to the beneficiaries a much greater measure of relief than was afforded to the Montana volunteers by the act above referred to. Your committee recommend that the bill be amended by striking out all after the enacting clause and inserting the following:

That each volunteer who joined the forces of the United States from the State of Oregon or from the Territories of Washington and Idaho during the wars with the Nez Perces, Bannock, and Shoshone Indians in such Territories and the Territory of Montana, shall be paid one dollar per day during the term of such service, from the time that he left his home until he was returned thereto, including all time spent in hospital under treatment by such as received wounds or other injuries in such service.

SEC. 2. That all persons who were wounded or disabled in such service, and the heirs of all who were killed in such service, shall be entitled to all the benefits of the pension laws, in the same manner and to the same extent as if they had been duly mustered into the regular or volunteer forces of the United States.

SEC. 3. That all horses and arms lost in such service shall be paid for at their actual value: *Provided*, That no payment shall be made for such losses or for such services as a volunteer except upon the statement of the commanding officer of the United States troops, or such other officer of the Regular Army as might be in control of the volunteers at the time of such loss or service, or upon record proof thereof now in the Departments and such other proofs as may be required, to establish the fact that such losses were made in the service of the United States.

This amendment is substantially the same with the act of 1881 for the relief of the Montana volunteers, except that in this act the Bannock and Shoshone wars are named in addition to the war with the Nez Percés.

The committee recommend the passage of the bill as amended.

WAR DEPARTMENT,  
Washington, March 26, 1890.

SIR: I return herewith Senate bill 87, "For the relief of the citizens of the State of Oregon and the Territories of Idaho and Washington who served with the United States troops in the war against the Nez Percés and Bannock and Shoshone Indians, and for the relief of the heirs of those killed in such service, and for other purposes," which was referred to this Department by your indorsement of the 7th instant, and invite your attention to the inclosed reports of the Adjutant-General, dated the 22d instant, and of the officer in charge of the Record and Pension Division of this office, submitting the lists of such citizen volunteers from Oregon, Idaho, and Washington who performed military services during the Nez Percé, Bannock, and Shoshone Indian wars of 1877 and 1878.

In view of the many calls upon this Department for the information herewith furnished, I recommend that these papers be printed.

Very respectfully,

REDFIELD PROCTOR,  
Secretary of War.

HON. WM. M. STEWART,  
Subcommittee of Committee on Military Affairs, U. S. Senate.
