DEFICIENCY APPROPRIATIONS FOR INTERIOR DEPARTMENT.

L E T T E R

FROM

THE ACTING SECRETARY OF THE TREASURY,

TRANSMITTING

Estimates of deficiencies in appropriations submitted by the Secretary of the Interior.

DECEMBER 13, 1893.—Referred to the Committee on Appropriations and ordered to be printed.

TREASURY DEPARTMENT, *December 11, 1893.*

SIR: I have the honor to transmit herewith, for the consideration of Congress, estimates of deficiencies in appropriations, submitted by the Secretary of the Interior, amounting to \$27,910.49.

Respectfully, yours,

S. WIKK,
Acting Secretary.

The SPEAKER OF THE HOUSE OF REPRESENTATIVES.

DEPARTMENT OF THE INTERIOR,
Washington, December 8, 1893.

SIR: I have the honor to transmit herewith certain estimates of deficiencies required for the service of this Department for the current fiscal year, and for prior years, and respectfully request that they be incorporated in the first urgent deficiency bill prepared by Congress.

Very respectfully,

WM. H. SIMS,
Acting Secretary.

The SECRETARY OF THE TREASURY.

DEPARTMENT OF THE INTERIOR,
Washington, December 1, 1893.

SIR: I have the honor to call your attention to the fact that the appropriation for postage stamps to prepay postage on matter addressed to Postal Union countries will soon be exhausted. The amount of the appropriation for the present fiscal year is \$2,000, of which \$1,371.50 has already been expended, leaving a balance of only \$628.50.

The estimate of this appropriation, submitted by the Department, was \$2,500, which was, in my judgment, inadequate, but which the Secretary preferred should not be increased.

This appropriation would have been sooner exhausted, but for the fact that stamps to the value of \$459.50, purchased from the appropriation of last year, remained unused at its close, and were therefore available for the present year. The stamps now on hand will probably suffice to meet the requirements of the Department until January 15.

Stamps delivered to the Patent Office alone, for the prepayment of postage on foreign mail matter, for the first five months of the present fiscal year, amount in value to \$1,100. The whole appropriation is, therefore, insufficient to meet the demands of this single bureau of the Department. In this connection, I may say that the Patent Office uses these stamps chiefly in transmitting the Official Gazette to subscribers abroad, and inasmuch as it charges an extra price to such subscribers, because of this prepayment of postage, most of the amount thus expended is ultimately returned to the Treasury.

I estimate that an additional appropriation of \$2,000 will be required to enable this office to meet all the requisitions of the several bureaus and offices of the Department for postage stamps during the remainder of this fiscal year, and would therefore respectfully suggest that the Committee on Appropriations of the House of Representatives be requested to include a provision for such an appropriation in its first urgency deficiency bill reported to the House.

Very respectfully,

JOHN G. AMES,
Superintendent of Documents.

The SECRETARY OF THE INTERIOR.

MEMORANDUM.
