APPROPRIATIONS FOR 1832.

LETTER

FROM

THE SECRETARY OF THE TREASURY,

*Transmitting an estimate of appropriations for the year 1832.*

DECEMBER 12, 1831.

Read, and referred to the Committee of Ways and Means.

TREASURY DEPARTMENT,

8th December, 1831.

SIR: I have the honor to transmit, for the information of the House of Representatives, an estimate of the appropriations proposed to be made for the service of the year 1832, amounting to - \$11,551,154 38

Viz.

Civil list, foreign intercourse, and miscellaneous	\$2,407,065 65
Military service, including fortifications, armories, arsenals, ordnance, Indian affairs, revolutionary and military pensions, and internal improvement	5,736,470 02
Naval service, including the marine corps	<u>3,407,618 71</u>

To the estimates are added statements showing,

1. The appropriations for the service of the year 1832, made by former acts, including public debt, gradual improvement of the navy, arming and equipping the militia, subscription to canal stocks, revolutionary claims, and Indian affairs, amounting to \$11,312,945 00
2. The existing appropriations which will not be required for the service of the year 1831, and which it is proposed to apply in aid of the service of the year 1832, amounting to 501,102 78
3. The existing appropriations which will be required to complete the service of 1831, and former years, but which will be expended in 1832, amounting to 3,423,525 87

These three last mentioned amounts, together with so much as may remain unexpended of the sum stated in the report on the finances, presented by this department on the 7th instant, as the estimated expenditure in

the fourth quarter of the present year, and with such sums as may be appropriated by Congress for the year 1832, will complete the whole amount subject to the disposition of the Executive Government in that year.

There is also added to the estimates a statement of the several appropriations which will probably be carried to the surplus fund at the close of the present year, either because the objects for which they were made are completed, or because these sums will not be required for, or will no longer be applicable to them, amounting to \$215,194 48.

I have the honor to be,

With great respect,

Your obedient servant,

LOUIS M'LANE,  
*Secretary of the Treasury.*

To the Hon. the SPEAKER  
*Of the Ho. Reps. U. S.*

*ESTIMATE of appropriations for the year 1832.*
