S. Rep. No. 1125, 55th Cong., 2nd Sess. (1898)
Mr. Pettigrew, from the Committee on Indian Affairs, submitted the following

REPORT.

[To accompany S. R. 168,]

The Committee on Indian Affairs, to whom was referred the resolution (S. R. 168) to authorize and direct the Secretary of the Treasury to refund and return to the Chicago, Milwaukee and St. Paul Railway Company $15,335.76, in accordance with the decision of the Secretary of the Interior dated March 3, 1898, having had the same under consideration, report it back with a recommendation that it pass.

The report of the Judiciary Committee of the House of Representatives on House resolution No. 262 covers all the facts upon which the Senate resolution under consideration is based, and the House report is herewith appended and made a part of this report.
Mr. Updegraff, from the Committee on the Judiciary, submitted the following

REPORT.

[To accompany H. Res. 262.]
stated and agreed, or any part thereof, and that pending Congressional action on said agreements the money was deposited in the Treasury of the United States. For all of which see Senate Ex. Doc. No. 20, Forty-eighth Congress, first session, copy here attached, marked "Exhibit A," and made part hereof.

We find that the Chicago, Milwaukee and St. Paul Railway Company made application to the Secretary of the Interior for the return of the money so paid, and that after a full trial and hearing of the case the Secretary of the Interior, on March 3, 1898, rendered a decision thereon, reciting the history of the case, and decided that the Government had no right to longer retain in its possession the money, $15,335.76, so deposited or paid by the Chicago, Milwaukee and St. Paul Railway Company, and ordered that an account be stated for the amount and the requisition therefor sent to the Treasury for payment, which was done, which account or requisition the Auditor for the Treasury Department has refused to honor or pay, assigning as a reason therefor that the money having been covered into the Treasury no authority exists for its return without direction therefor from Congress.

The full opinion of the Secretary of the Interior being here attached, together with order for the stating of the account, marked "Exhibit B," and made part hereof.

We find that the money having been paid to the Secretary and received by him under a misapprehension, and there never having been any consideration whatever received by the said railway company, that it is proper and right the money should be returned; and we therefore report the joint resolution back with the recommendation that it do pass.

EXHIBIT A.

[Senate Ex. Doc. No. 20, Forty-eighth Congress, first session.]

Message from the President of the United States, transmitting a communication from the Secretary of the Interior of 4th instant, submitting draft of bill "to accept and ratify certain agreements made with the Sioux Indians and to grant a right of way to the Chicago, Milwaukee and St. Paul Railway Company through the Sioux Reservation in Dakota."

[December 19, 1883.—Read and referred to the Committee on Indian Affairs and ordered to be printed.]

To the Senate and House of Representatives:

I transmit herewith a communication from the Secretary of the Interior of the 4th instant, submitting, with accompanying papers, draft of a bill "to accept and ratify certain agreements made with the Sioux Indians and to grant a right of way to the Chicago, Milwaukee and St. Paul Railway Company through the Sioux Reservation in Dakota."

The matter is presented for the consideration of the Congress.

EXECUTIVE MANSION, December 17, 1883.

Sir: I have the honor to submit, herewith, for your consideration, a communication of the 26th November, 1883, from the Commissioner of Indian Affairs, and accompanying draft of bill therein noted for the ratification of four several agreements with the Sioux Indians in Dakota, granting to the Chicago, Milwaukee and Saint Paul Railway Company the right of way across their lands and the right of occupying certain land for railway purposes, as therein set forth, namely: Two agreements made November 2, 1880, one made November 10, 1880, and one made November 13, 1880, all approved by Mr. Secretary Schurz, January 3, 1881.
These agreements have not, however, been ratified by Congress. As such action is considered necessary, I respectfully recommend that the matter be presented for the favorable consideration of that body.

I have the honor to be, very respectfully, your obedient servant,

H. M. TELLER, Secretary.

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
Washington, November 28, 1888.

SIR: Referring to Department letter of March 9, 1882, wherein, in reply to the question submitted in office letter of March 1, 1882, viz, Whether or not the Dakota Central Railway Company and the Chicago, Milwaukee and Saint Paul Railway Company, which had severally acquired a right of way through the Sioux Indian Reservation, in Dakota, were to be considered as having done so under the stipulations of the third article of the agreement with the Sioux Indians of September 26, 1876, ratified by act of Congress approved February 28, 1877 (19 Stat., 255), in reference to the construction of roads through said reservation, it was held that when the three wagon roads indicated in General Orders, No. 3, Headquarters Military Division of the Missouri, April 5, 1877, were located, the rights under said agreement were exhausted, and that agreements of later date made with the railway companies should be presented for ratification by Congress; also to Department letter to this office of 10th March last to the effect that "in all cases where right of way for railroad through Indian reservations is not provided for by treaties or agreements by the United States with the Indians, Congressional action is necessary to ratify agreements by railway companies with the Indians for such right of way," &c., and directing that the necessary papers be prepared for submitting the agreements as made by the said railway companies with the Sioux Indians to Congress at its next session for action, I have the honor to report, so far as the Chicago, Milwaukee and Saint Paul Railway Company is concerned, as follows: The agreements entered into by this company with the Sioux Indians, under the direction and with the approval of the Department, are four in number, viz:

No. 1. Agreement dated November 2, 1880, made between the chiefs, headmen, and heads of families of a majority of the Two Kettle, Sans Arc, Minneconjou, and Blackfeet Sioux Indians (Cheyenne River Agency), Lower Yanktonnais, Sioux Indians (Crow Creek Agency), Lower Brule Sioux Indians (Lower Brule Agency); Ogalalla Sioux Indians (Pine Ridge Agency), Brule, Loafer, Wahzahzah, Minneconjou, and mixed Sioux Indians (Rosebud Agency), and Upper Yanktonnais, Lower Yanktonnais, Uncapapa, and Blackfeet Sioux Indians (Standing Rock Agency), severally occupying the Sioux Indian Reservation, Territory of Dakota, parties of the first part, and the Chicago, Milwaukee and Saint Paul Railway Company, party of the second part, grants to said company:

1st. The right to hold and occupy not less than 1,000 acres of land at the eastern terminus of said railway company, on the west bank of the Missouri, at or near the mouth of American Crow Creek, Dakota Territory, for freight and passenger depots, &c., to be occupied under such regulations as the Secretary of the Interior may prescribe, and to be located as soon as surveys can be made.

2d. The right to construct, operate, and maintain a line of railway commencing at a point on the west bank of the Missouri, at or near the mouth of American Crow Creek, running in a westerly direction through the reserve; also the right to occupy and hold a strip of land not exceeding 200 feet in width, extending the entire length of said line across the reserve.

3d. The right to occupy and hold along the line of road, exclusively for railway purposes, not exceeding 160 acres of land at any one point.

4th. The right to open and use a wagon road upon the line of said railway, with the privilege of connecting the same with the Black Hills wagon road intersecting or near said railway.

Consideration to be paid by the railway company as follows:

(a) In respect of the 1,000 acres west of the Missouri, $5 per acre, prior to commencement of construction of the road.

(b) For right of way, at the rate of $110 per mile—one-half to be paid prior to construction, the residue after completion of 100 miles of road.

(c) For station lands, $4 per acre, payment to be made at such time and in such manner as the Secretary of the Interior may direct.

The above-mentioned agreement is signed by the chiefs, headmen, and heads of a majority of families of the Ogalalla Sioux Indians (Pine Ridge Agency), Brule, Loafer, Wahzahzah, Minneconjou, and mixed Sioux (Rosebud Agency), Lower Yanktonnais, Sioux (Crow Creek Agency), Lower Brule Sioux (Lower Brule Agency), and Two Kettle, Sans Arc, Minneconjou, and Blackfeet Sioux (Cheyenne River Agency).
No. 2. Similar agreement of same date and between the same parties signed by the chiefs, headmen, and heads of a majority of families of the Upper and Lower Yanktonnais, Uncapa, and Blackfeet Sioux (Standing Rock Agency).

No. 3. Supplemental agreement dated November 10, 1880, by which the Chicago, Milwaukee and Saint Paul Railway Company agree to pay to individual Lower Brule Sioux Indians the value of their improvements on the lands west of the Missouri River at or near the mouth of American Crow Creek, to be selected under said agreement of November 2, 1880.

No. 4. Agreement dated November 13, 1880, between the chiefs, headmen, and heads of families of a majority of Lower Yanktonnais Sioux Indians at Crow Creek Agency, Dakota Territory, and Spotted Tail and White Thunder, chief of the Brule, Loafer, Wahzahzah, Minneconjou, and mixed Sioux Indians, severally occupying the Sioux Indian Reservation in the Territory of Dakota, parties of the first part, and the Chicago, Milwaukee and Saint Paul Railway Company of the second part, grants to said company:

1. The right to hold and occupy not less than _____ acres of land at the western terminus of said railway on the eastern bank of the Missouri River at or near the mouth of American Creek, for freight and passenger depots, &c., to be occupied under such regulations as the Secretary of the Interior may prescribe, and to be definitely located as soon as surveys can be made.

2. The right to construct, operate, and maintain a line of railway over and across the Crow Creek Reserve on the east side of the Missouri, running in a westerly direction; also the right to occupy and hold for railway purposes a strip of land not exceeding 200 feet in width over and across said reserved right, consideration to be paid by the railway company as follows:
   (a) In respect of land to be selected on the eastern bank of the Missouri River for freight and passenger depots, &c., $5 per acre.
   (b) For right of way, $4 per acre prior to construction of the road. Payment to be made in such manner as the Secretary of the Interior may direct.

Said agreements of November 2, 10, and 13, 1880, were severally approved, as executed, by the Secretary of the Interior, January 3, 1881, except as to the agreement of November 13 with the Crow Creek Indians, which was modified by indorsement limiting the land to be selected at the western terminus on the east bank of the river for freight and passenger depots to 200 acres, and to 160 acres for station grounds at points east of said terminus.

On the same date the Secretary of the Interior approved the maps of preliminary survey of the road as projected from Brule Agency westward through the Sioux Reserve.

By memorandum in writing, dated January 5, 1881, the Chicago, Milwaukee and Saint Paul Railway Company waived and relinquished the right to occupy more than 640 acres of the 1,000 acres of land west of the Missouri River granted by the agreement of November 2, 1880.

On the 18th January, 1881, said railway company filed in the Department a bond in the sum of $30,000, for the faithful performance of said agreements, and in other respects, for protection of the Indians, which was approved by the Secretary of the Interior January 20, 1881.

On the 25th November, 1881, said railway company filed in the Department a plat of the 640 acres west of the Missouri River, selected under the agreement of November 2, 1880; also a plat of 188 acres on the Crow Creek Reserve east of the river, selected under the agreement of November 13, 1880; also a map of the line of road as constructed upon the Crow Creek Reserve under the terms of said last-mentioned agreement. Said maps were severally approved by you on the 6th October, 1882.

Under said agreements the Chicago, Milwaukee and Saint Paul Railway Company has made the following payments to the Department for the use of the Sioux Indians, viz:

October 8, 1881, for section, 640 acres, west of Missouri River, at $5 per acre. $3,200.00
For 10 stations, 20 acres each, 200 acres, west of river, at $4 per acre........ 800.00
For 90\% miles (half length) of track west of river, at $110 per mile...... 9,911.00

October 13, 1882, for 121.19 acres right of way through Crow Creek Reserve, at $4 per acre............................... $484.76
For 188 acres depot grounds at Chamberlain, east of Missouri, at $5 per acre................................. 940.00

Total amount paid.............................................................. 15,335.76

which amount has been deposited in the Treasury, pending Congressional action on said agreements.

Under the provisions of the supplemental agreement of November 10, 1880 (No. 3),
the improvements of the Lower Brule Indians on the 640-acre tract west of the Missouri have been appraised at the total sum of $1,743.50. This amount, I understand, the Chicago, Milwaukee and Saint Paul Railway Company is ready to pay at any time upon approval of said agreement and appraisement.

In accordance with the instructions contained in Department letter of the 10th March last, I now have the honor to submit the draft of a bill to accept and ratify said several agreements, as made, for transmission to Congress, for its consideration and action.

Full copies of the several agreements are set out in the bill.

Very respectfully, your obedient servant,

H. Price, Commissioner.

EXHIBIT B.

DEPARTMENT OF THE INTERIOR,
Office of the Assistant Attorney-General,
Washington, March 3, 1898.

Sir: The Chicago, Milwaukee and St. Paul Railway Company has filed an application for the return of a sum of money which was deposited by said company with the Secretary of the Interior, amounting to $15,385.76, to be applied in payment for certain lands in the Sioux Indian Reservation under agreements made by said company with the Sioux Indians of Dakota in 1881, which has been referred to me for an opinion as to whether said application should be granted.

This is a renewal of a former application for the return of said sum which was rejected by the Department October 21, 1895 (21 L. D., 324), the company now insisting that the law and facts controlling this application were misconstrued in the
decision of October 21, 1885, and as this is a matter solely between the Government and the company it asks that the application may be reconsidered.

The history of the initiation of this transaction will be found in the records of the Indian division, part of which is embraced in Senate Executive Document No. 20, Forty-eighth Congress, first session, from which it appears that in 1880 the Sioux Indians in Dakota entered into four several agreements with the Chicago, Milwaukee and St. Paul Railway Company, granting to said company the right of way across their lands and the right to hold and occupy certain lands for railway purposes, which were approved by the Secretary of the Interior, January 3, 1881, with certain modifications, and on January 18, 1881, the company filed in the Department a bond for the faithful performance of the agreements, which was approved by the Secretary of the Interior, January 20, 1881.

These agreements were evidently entered into between the railroad company and the Sioux Indians and were approved by the Secretary of the Interior under the belief that the right and privilege therein bargained for could be acquired under the stipulations contained in the second article of the treaty or agreement made with the Sioux Indians September 26, 1876, by commissioners on the part of the United States, and ratified by the act of Congress approved February 28, 1877 (19 Stat., 255), by which the Indians consented to the construction of roads from accessible points on the Missouri River through their reservation to the country lying immediately west, not to exceed three in number. If these agreements had been authorized by that stipulation the ratification of them by Congress would not have been necessary in order to authorize the railway company to enter upon said reservation and to construct and operate its road, but the right would have become vested and complete upon the payment of the amount stipulated in the agreements.

That this view was entertained by the company and the Secretary of the Interior at the time the money was paid is shown by the following correspondence between Gen. John Lawler, the agent of the company, and the Secretary of the Interior:

WASHINGTON, D. C., October 3, A. D. 1881.

Hon. S. J. Kirkwood,
Secretary of the Interior:

I have the honor to direct your attention to certain agreements, approved by the Secretary of the Interior on the 3d day of January, A. D. 1881, granting to the Chicago, Milwaukee and St. Paul Railway Company, in consideration of certain payments to be made, sundry specified rights upon the Great Sioux Indian Reservation, in the Territory of Dakota. These rights may be summarized as follows: The right to hold and occupy lands for railway purposes on the Missouri River and at intervals along the line of the proposed railway; the right of way for the proposed railway of said company and the right to open and control a wagon road upon or as near as it shall be convenient and practicable to said railway line, as surveyed and located, and to use said right of way and wagon road in the interest of the Chicago, Milwaukee and St. Paul Railway Company for the transportation of persons and property to and from said railway over and across the Great Sioux Reservation.

I beg leave to state, on behalf of the railway company aforesaid, that it now desires to enter upon said Indian reservation for the purpose of using and enjoying the rights granted on said agreement, and it is now ready to pay for such rights the sum of money required to be paid by said "agreement before the commencement of the work of construction," as wit, "one-half of the full amount to be paid for the use and benefit of said Indians," being the sum, as it seems from the agreement, of $11,511, the amount resulting from a calculation based on a distance of 180 miles that said right of way and wagon road extends over and across said Indian reservation, as shown and located upon map of line filed with the Secretary of the Interior and upon the cost of 640 acres of land on the Missouri at the rate of $5 per acre. Wherefore, I respectfully request the Secretary of the Interior to receive said payment, or such other as in his judgment the agreement requires, or direct how the same shall be made, and therupon to grant permission to the Chicago, Milwaukee and St. Paul Railway Company, its agents and servants, contractors and laborers, its connecting transportation lines, and all whomsoever it may designate as being or operating in the interest of said company, to enter upon the said reservation for the purpose of exercising and enjoying the rights set forth.

I have the honor to remain your obedient servant,

J. Lawler,
For the Chicago, Milwaukee and St. Paul Railway Company.

To this the Secretary of the Interior replied as follows:

October 7, 1881.

Sir: In reply to your letter of the 3d instant, asking about the first payment from your company under its several agreements with the Sioux Indians for the right of way and occupation of lands for railway purposes across the Great Sioux Reserva-
tion in Dakota (which agreements—four in number—were approved by the Department under date of 3d January, 1881), you are respectfully informed that, calculating the section of land on the west bank of the Missouri River (640 acres at $5 per acre, $3,200; 10 stations, at 20 acres each, 200 acres, at $5 per acre, $1,000; 0.1 half length of railway track at $10 per mile, $9.91;—$13,911), the amount found due as first payment by your company upon the basis presented is $13,911, taking your verbal statement of the average quantity of lands required for way stations, calculating 10 stations at 20 acres to the station for the first half of the road.

Upon the subject of the section of land on the west bank of the Missouri River it is understood between your company and this Department that said section shall be located immediately opposite to the section line between sections 29 and 30, township 101 north, range 74 west, on the east side of the said Missouri River, and that your company will, within sixty days from this date, file a map of the location of the said section as taken, to be occupied under the modified agreement with the Sioux, giving the description and boundaries of said section, to be in conformity to the public surveys.

With this understanding, upon the payment of the sum of $13,911 before noted, the Chicago, Milwaukee and St. Paul Railway Company will be allowed to enter upon the Great Sioux Reservation and construct and operate its wagon road and railway under the provisions of the agreements noted.

The use of the temporary wagon road and railway granted is permitted to your company in accordance with the provisions of the agreements referred to, and is intended to cover all legitimate privileges for traffic and travel consistent with such agreements and the provisions and limitations of the intercourse laws.

Rules and regulations for the guidance of the said company will be duly prepared and transmitted to you.

It is further understood that any default in the stipulations governing the authority granted will be considered sufficient cause by the Department for the revocation of this authority.

Very respectfully,

S. J. Kirkwood,
Secretary.

Gen. John Lawler,
General Agent of the Chicago, Milwaukee and St. Paul Railway Company, Washington, D. C.

Subsequently the company made an additional deposit of $1,424.76, part payment for the right of way through the Crow Creek Reservation and for the 188 acres east of the Missouri River, making in all the sum of $15,335.76. (Senate Ex. Doc. No. 20.)

The circumstances under which the money was deposited by the company and received by the Government is shown by this correspondence. It was not a deposit as earnest money, nor a payment conditioned upon ratification by Congress, but it was made in fulfillment of its obligation under the terms of the agreements, upon the express promise of the Secretary of the Interior that upon the payment of such sum the company would be permitted to enter upon said reservation and construct and operate its wagon road and railway under the provisions of said agreements.

Prior to the approval of the agreements entered into between the railway company and the Indians, three wagon roads or routes, as authorized by the second article of the agreement or treaty of September 26, 1876, had been designated by the War Department to be constructed and maintained through said reservation. In reporting upon a letter addressed to the Secretary of War relative to these wagon roads, which had been referred to this Department, the Commissioner of Indian Affairs, on March 1, 1882, called attention to the agreements with the railway company, which had been approved by the Department, and in submitting the inquiry as to whether the Indians in making said agreements understood that they were only carrying out the obligation imposed by the second article of the agreement or treaty of 1876, stated that it was certain the railway company based its application for right of way upon that provision, although it was not referred to in their agreements.

In transmitting this report, the Secretary of the Interior said:

"Upon full consideration of the subject I am of opinion that the three routes indicated for wagon roads westward from the Missouri River from Bismarck, at or near Fort Pierre, and from the Yankton crossing of the Missouri are matters arising under the second article of the agreement referred to, and that the stipulations set forth in the treaty are a consideration for such concession. Further, that any subsequent agreements for roads across said reserve, wherein a valuable consideration is obtained, is in addition to any former existing rights. (Ind. Mis. No. 29, 1882, p. 151.)"

From this time it was understood that the agreements could not be carried into execution without ratification by Congress, and a bill for that purpose was prepared and submitted, but it failed to become a law.
As soon as it was ascertained that the Government could not fulfill its promise to the railway company, upon the faith of which the payment was made, the money was then held by the Government for the use and benefit of the railway company and could have been withdrawn without violating any agreement with the Indians or obligation to the Government. Such was the condition of this deposit when the act of March 2, 1889 (25 Stats., 888), was passed, which provided for the creation of smaller and separate reservations out of a portion of this reservation and for the restoration of the remainder to the public domain. The act took effect February 10, 1890, having been accepted and consented to by the Indians, and said acceptance and consent having been made known by proclamation of the President, as therein provided.

The sixteenth section of the act declared that the acceptance of the provisions of the act by the Indians should not affect any agreement theretofore made with the Chicago, Milwaukee and St. Paul Railway Company for right of way through said reservation or for any lands acquired by any such agreement to be used in connection therewith, except as therein provided:

"But the Chicago, Milwaukee and St. Paul Railway Company and the Dakota Central Railroad Company shall, respectively, have the right to take and use, prior to any white person and to any corporation, the right of way provided for in said agreements, with not to exceed 20 acres of land in addition to the right of way, for stations for every 10 miles of road, and said companies shall also reserve for themselves the right to take and use for right of way, sidetrack, depot, and station privileges, machine shop, freight house, roundhouse, and yard facilities, to any white person, and to any corporation or association, so much of the two separate sections of land embraced in said agreements; also, the former company so much of the 188 acres, and the latter company so much of the 75 acres on the east side of the Missouri River, likewise embraced in said agreements, as the Secretary of the Interior shall decide to have agreed upon and paid for by said railroad, and to be reasonably necessary upon each side of said river for approaches to the bridge of each of said companies to be constructed across the river for right of way, sidetrack, depot and station privileges, machine shop, freight house, roundhouse, and yard facilities, and no more," with the following proviso:

(1) That payment shall be made by the company according to the agreements for each mile of road and each acre of land which the company may take and use for railway purposes. (2) That the land shall only be used for railway purposes. (3) That payment shall be made and the conditions performed within six months after the act takes effect; and (4) That the company shall within nine months after the act takes effect definitely locate its line of road, including station grounds and terminals, and within such time file with the Secretary of the Interior a map of such definite location, specifying clearly the line of road, the several station grounds, and the amount of land required for railway purposes, and the Secretary of the Interior shall, within three months after the filing of such map, designate the particular portion of said sections and of said tracts of land which said railway companies may take and hold under the provisions of said act, and the company shall, within three years after the act takes effect, construct, complete, and put in operation its line of road; and upon failure to locate, construct, and operate the same within the time required by the act the lands granted for right of way, station grounds, and other railway purposes shall be forfeited and shall, without further entry or further action on the part of the United States, revert to the United States and be subject to entry under the other provisions of the act.

After providing for the creation of certain separate reservations the act (section 21) restored all other portions of the reservation, except three islands therein named, to the public domain, to be disposed of by the United States, to actual settlers only, under the provisions of the homestead law; but provided that the land so entered should be paid for at the rate of $1.25 per acre for all lands disposed of within the first three years after the act takes effect, at 75 cents per acre for all lands disposed of within the next two years thereafter, and at 50 cents per acre for the residue of the lands then undisposed of; also that such of said lands remaining undisposed of at the end of ten years from the taking effect of the act shall be taken by the United States at 50 cents per acre, which amount shall be credited to said Indians as part of their permanent fund, and shall thereafter be a part of the public domain, to be disposed of under the homestead laws and the provisions of said act.

The twenty-second section of the act provided:

"That all money accruing from the disposal of lands in conformity with this act shall be paid into the Treasury of the United States to be applied solely as follows: "First, to the reimbursement of the United States for all necessary actual expenditures incurred and provided for under the provisions of this act; and the creation of the permanent fund hereinbefore provided, and after such reimbursement to the increase of said permanent fund for the purposes hereinbefore provided."

Within the time required by the act the company filed with the Secretary of the

S. Rep. 1125—2
Interior a map of definite location, which was approved subject to the conditions contained in the sixteenth section of the act, and the $15,335.76 still being on deposit with the Secretary of the Interior; its right to take and use the land specified in the agreement and designated by the maps, for railways and purposes contemplated by the act, became complete, subject only to forfeiture upon failure to construct, complete, and put in operation the road within three years from February 10, 1890. (See King v. Chicago, Milwaukee and Saint Paul Railway Company, 14 L. D., 429.)

The company, having failed to complete the road within the time prescribed by the act, caused a forfeiture of the lands reserved to it under the sixteenth section of the act of March 2, 1889, and they were declared by proclamation of the President to be restored to the public domain, subject to the provisions of said act. (See Chicago, Milwaukee and St. Paul Railway Company, 19 L. D., 429.)

Its right to take and use the said lands for railway purposes prior to any white person being thus forfeited, all lands covered by the agreements thereupon became subject to entry under the provisions of the twenty-first section of said act, and the money accruing from the disposal of said lands, after reimbursing the United States for the actual necessary expenses in carrying out the provisions of the act, has been placed, or is subject to be placed, to the credit of said Indians as a part of their permanent fund.

By the decision of October 21, 1895, it was held that while the payment was originally in the nature of a deposit, when Congress ratified the agreement, and the company accepted the conditions imposed by the act, it became an executed contract, and the deposit was converted into a payment. In other words, it was considered as a purchase under the agreement, which was completed upon the filing of the maps designating the land and the payment of money, subject to forfeiture of the land so purchased upon failure to build the road within the time prescribed by the act, and as the failure to build the road within the time prescribed was solely the default of the company, it can not recover the money, as the Government was not in default.

The plain purpose of the act was to confer upon the company the right to purchase so much of the land covered by the agreements as they might designate by maps of definite location, subject to the approval of the Secretary of the Interior, upon performing certain conditions, but it would not have been compelled to purchase any part of the land that was not used and occupied by it, even if the conditions had been performed. It was an option or privilege that it might have exercised or not at its pleasure. The express language of the act is that the company shall "have the right to take and use, prior to any white person, and to any corporation, the right of way provided for in said agreements, with not to exceed twenty acres of land in addition to the right of way, for stations or every ten miles of road; and said companies shall also, respectively, have the right to take and use for right of way, side track, depot, and station privileges, machine shop, freight house, round house, and yard facilities, prior to any white person, and to any corporation or association, so much of the two separate sections of land embraced in said agreements."

The conditions upon which the right of purchase could be exercised are that the company should, within six months after the act takes effect, make payment for each mile of road and each acre of ground taken under the agreement; that within nine months it shall locate its line of road and designate the land it intended to purchase; and within three years it shall construct, complete, and put it in operation. Upon the performance of these conditions the company would have been entitled to purchase the land designated, and not until then. If it failed to perform any of the conditions within the time prescribed, the privilege to purchase was forfeited and the land which had been held in reservation was restored to the public domain. This is the plain and obvious meaning of the act.

It will be observed that the company was required to make payment within six months after the act took effect, and yet it was allowed nine months after the act took effect to designate the tracts it might have the privilege of purchasing. If a deposit had been made sufficient to cover the whole amount that would have been required in the event that the company elected to purchase all the land covered by the agreements, can it be pretended that it could not have withdrawn the surplus, if within the nine months it should have designated a less area? So it might, within the three years, have refused to purchase any land except what it actually used in the construction and operation of the road, embracing the right of way as stipulated in the agreements. The building of the road would have been a performance of the conditions, and while the company would have been compelled to pay for every mile of right of way taken and used for that purpose, which could have been appropriated from the sum deposited, to the extent of the obligation thus incurred, it was under no obligation to purchase the ground for station purposes, unless used, or the 188 acres on the east bank of the river, or the 640 acres on the west bank of the river, but it would have had an absolute right to withdraw all the surplus after paying for the right of way.
No appropriation of payment has ever been made upon this contract or agreement, and the money deposited by the company to be appropriated in payment for the land whenever it had performed the conditions upon which it could alone have obtained title was not subject to be so appropriated until the company had performed the conditions, and applied to purchase so much of the land embraced in their maps of definite location as it might have desired to purchase. As before stated, it was not bound to purchase any of the land, but if it had constructed, completed, and put in operation its road within the time prescribed by the act it would have been entitled to purchase so much of the land designated by its maps of definite location as it desired. As it failed to construct, complete, and put in operation its line of road within the three years, its right to purchase the same prior to any white person was forfeited, and the lands were by the very terms of the act restored to the public domain, to be disposed of under the provisions of said act for the benefit of the Indians and the proceeds of sale to be credited to the permanent fund.

The language of the act, that "the lands granted for right of way, station grounds, or other railway purposes shall revert to the United States and be subject to entry under the other provisions of this act," upon failure to perform the conditions, does not indicate that definite location of the line of road and the designation of the lands it intended to purchase was the completion of a right or that the contract was thereby executed, because the complete construction and operation of the road through the reservation was a condition precedent to the company's right of purchase.

The two preliminary conditions were that the company should make payment as a guaranty of the fulfillment of its obligation to pay for every mile of right of way and every acre of ground taken under the terms of the agreement, and that it should designate the lands it intended to purchase. The performance of these two conditions within the time required by the act reserved the land from the operation of the other provisions of the act or from any other disposition for the period of time in which the company might perform all the conditions essential to its right of purchase.

I have therefore to advise that the Government has no right to retain this money, and that it should be returned to the company, if it is still under the control of the Secretary of the Interior and subject to withdrawal from the Treasury, and disbursed by his direction without the action of Congress.

Very respectfully,

WILLIS VANDEVANTER,
Assistant Attorney-General.

C. N. BLISS, Secretary.

The SECRETARY OF THE INTERIOR.
