LEGISLATIVE, EXECUTIVE, AND JUDICIAL APPROPRIA-
TION BILL.

JANUARY 5, 1899.—Committed to the Committee of the Whole House on the state of
the Union and ordered to be printed.

Mr. BINGHAM, from the Committee on Appropriations, submitted the
following

REPORT.

[To accompany H. R. 11414.]

In presenting the bill making appropriations for the legislative, executive, and judicial expenses of the Government for the fiscal year ending June 30, 1900, the Committee on Appropriations submit the following in explanation thereof:

The estimates on which the bill is based will be found on pages 9-77 and 89-92 of the Book of Estimates for 1900, and aggregate \$24,365,005.86, of which amount there is recommended in the bill \$23,229,237.46. The appropriations for the same purposes for the current fiscal year, including \$1,707,166.50 carried in the sundry civil and deficiency acts, aggregated \$23,333,013.15, being \$103,775.69 more than is recommended in the bill for the service of the fiscal year 1900.

The total amount recommended in the bill is \$1,135,768.40 less than the aggregate of the estimates submitted.

The whole number of salaries specifically provided for in the bill is 750 less than the number estimated for, and, including 99 heretofore paid from the general appropriation for the care of the Congressional Library building and grounds, is 200 more than the number provided for in the law for the current year.

Changes in the number or grade of officers or employees of the Government and their rate of compensation, as compared with the current law, are recommended in the bill as follows:

SENATE.

The bill appropriates for the officers, clerks, and other employees in the service of the Senate in the same terms as the law for the current year, except that for session employees the usual increase in their aggregate compensation is made, growing out of the longer term of employment during the ensuing session as compared with the present short session of Congress.
